

INTO THE COALYARD—This is the People's Coal Co. yard where early yesterday an unwary doe came sniffing along the tracks after salt. Salt is spread on the coal to prevent freezing. The doe got as far as the white X on the photograph, then...

INTO THE BIN—She fell into a bin of, imagine, buck coal. She wandered around unhappily, sometimes licking a little salt, but that wasn't enough to get her out of the coalbin. She needed help, and needed it fast...

GIVE HER THE HYPO—Help came in the form of John Doebeling, State Game Protector (right) and a regional research specialist. They rigged up a hypodermic needle with a pole and filled it with a narcotic. The doe, very frightened, cowered in the back of the pit. The injection came, then...

THE GAME WARDENS WIN—Knocked cold by the injection, she is lifted from the pit gingerly. She was then taken far into the county woods and released. She staggered off a temporarily dozy but far, far wiser little doe. (Staff Photos By MacLeod)

Cuban Fiasco Report Was Limited

At Labor Conference:

Leaders Divided On Work Week

MIAMI BEACH, Fla. (AP) — The AFL-CIO Executive Council concluded a 10-day winter meeting Tuesday amid some disagreement among top leaders over the type of shorter work week they want from Congress.

The union chiefs are more convinced than ever, they said in a series of policy statements, that a cut in the present 40-hour week is needed to share available jobs and restore purchasing power to spur the economy.

For months, the AFL-CIO leaders have called for a legislated 35-hour week with a 40-hour pay

and with heavier overtime penalties to curb unemployment and provide jobs for the expanding work force.

Walter Reuther, head of the Auto Workers Union, told newsmen, however, he has some misgivings whether marginal firms and industries could stand a drastic work hour cut. He suggested some might be forced out of business, thereby increasing unemployment.

Reuther, plugged, instead, for a plan to adjust the length of the work week up or down, according to changing economic condi-

tions. The 40-hour week would continue as the standard. But when unemployment increased to specified levels, weekly work hours would be cut automatically. Full 40-hour pay would be maintained out of an equalization fund financed from a new payroll tax.

Wants Shorter Week George Meany, AFL-CIO president, indicated he still favors the straight 35-hour week approach.

Asked about Reuther's views, Meany said, "I'm not prepared to pass judgment on that until I give it more study. I don't know whether I'm for it or not."

In a concluding action Tuesday, the AFL-CIO Council pledged a continuing fight to get Congress

to repeal a section of the labor laws permitting state right-to-work laws.

These laws prohibit labor contracts requiring workers to be union members.

Meany conceded the prospects are not too bright to get such repeal legislation through Congress, but he added: "We're just going to keep on fighting." Meany said the federal law proviso is unique in that it permits union shop labor contracts but allows states to outlaw them.

The council picked St. Louis for its next meeting, starting May 14. Sessions will coincide with the federation's annual union label trades show.

Only Chosen Few Members Informed

WASHINGTON (AP) — The Kennedy administration told selected members of Congress at the time four Americans were killed on combat flights during the 1961 invasion of Cuba, Sen. Mike Mansfield, D-Mont., said Tuesday.

Mansfield, the Senate Democratic leader, told reporters personal knowledge of this briefing had prompted him to back up a statement by Senate Republican Leader Everett M. Dirksen of Illinois about the Bay of Pigs casualties.

Mansfield said after Dirksen's public comment that he felt released from a secrecy pledge made at the briefing. He added he did not believe Dirksen had been

included among those who received the information in 1961. Sen. Bourke B. Hickenlooper of Iowa, chairman of the Senate Republican Policy Committee, told a news conference that as far as he knows, no Republican was briefed at the time.

Hickenlooper said he does not believe any congressional Republicans were consulted before President Kennedy approved the invasion. Mansfield said he was uncertain how the fliers met their deaths. Hickenlooper said he previously had heard unsubstantiated rumors six or more Americans might have been killed.

Dirksen has been making a one-man inquiry into the abortive invasion, claiming "the full story hasn't been told."

Several Republicans have accused the administration of withholding information from Congress on the invasion try. And they charge members were misled on the extent of the Soviet military threat in Cuba until Kennedy quarantined the island last October.

Mansfield said that beyond the shooting down of one U2 plane, he knows of no military clashes between U.S. and Soviet or Cuban forces.

Declines Comment The Democratic leader declined comment on a compilation by the Senate Republican Policy Committee of Democratic attacks on the foreign policy of Kennedy's Republican predecessor, President Dwight D. Eisenhower.

The policy group, headed by Hickenlooper, produced nine typewritten pages of quotes from Democrats criticizing GOP decisions from 1957 through 1960.

Hickenlooper said this would show that when he was a senator, Kennedy had criticized Republican policies.

Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, has accused some Republicans of existing bipartisan foreign policy by attacking the administration's handling of the Cuban problem.

"I don't feel that there has been any excessive criticism," Hickenlooper said. "There is a lot more to criticize in this administration than there was in the Eisenhower administration."

"As far as I know, there is no bipartisan foreign policy. Republicans have never been consulted in advance of decisions. If you have no voice in or consultation about it, there is no bipartisan policy."

He said that in Eisenhower's era, Democrats had a chance to be heard before final decisions were made.

African Nations In ECM Battle

BRUSSELS, Belgium (AP) — France urged its Common Market partners Tuesday night to avoid making young African nations pawns in the trading bloc's quarrels. But Italy and the Netherlands held up creation of a \$730-million fund badly wanted by the French to aid the Africans.

Still smoldering from President Charles de Gaulle's veto of Britain's entry into the six-nation trading bloc, the Dutch further warned France that Europe's divisions may spread to Africa.

Dutch Delegate Dirk Spierenburg made a reference to common criticism that De Gaulle is looking inward toward a little Europe rather than outward toward the whole Atlantic community, including the United States.

Split May Spread "If the Common Market looks inward instead of outward," Spierenburg told the French, "the split we now have in Europe will spread to Africa."

France used to own 16 of the 18 African nations who would benefit from the big Common Market fund and would like to see them tied closely to Europe.

"We must not make the African states the pawn of European politics," declared French Foreign Minister Maurice Couve de Murville.

He got strong support from the Belgian foreign minister, Paul

Henri Spaak, a Socialist not normally sympathetic to De Gaulle. West Germany and Luxembourg also took the French side. But important Common Market decisions must be unanimous, so delay in setting up the fund could not be prevented.

Termed Red Victory Spaak called it a Communist victory. The African leaders who are ready to sign the treaty setting up the fund are pictured in Communist propaganda as victims of neocolonialism.

The scene of the clash was the Common Market's Council of Ministers, its ruling body. The ministers were ending their first meeting since Jan. 29, when the French buried all immediate hope of bringing Britain into the organization.

Paris (AP)—Bound hand and foot, ex-Col. Antoine Argoud was delivered to French police Tuesday, apparently by irate Secret Army colleagues who blamed him for failure of an assassination attempt on President Charles de Gaulle.

Argoud was a ringleader of the ill-fated Algiers military putsch of 1961 against De Gaulle. He has long been a fugitive.

Police said an anonymous telephone call had led them to a small pickup truck parked at the upstream end of the Ile de la Cité, just behind Notre Dame Cathedral

Long A Fugitive:

French Terrorist Turned Over To Police By Army

PARIS (AP)—Bound hand and foot, ex-Col. Antoine Argoud was delivered to French police Tuesday, apparently by irate Secret Army colleagues who blamed him for failure of an assassination attempt on President Charles de Gaulle.

Argoud was a ringleader of the ill-fated Algiers military putsch of 1961 against De Gaulle. He has long been a fugitive.

Police said an anonymous telephone call had led them to a small pickup truck parked at the upstream end of the Ile de la Cité, just behind Notre Dame Cathedral

and within two blocks of the main police headquarters. Inside the truck was Argoud. Twelve pinioned his wrists and ankles.

Police said the caller had denounced Argoud as a traitor who had hatched up the attempt to kill De Gaulle last Aug. 22 at Petit-Clamart, just outside Paris. At that time gunmen machine-gunned the president's car from ambush, and one of the bullets narrowly missed De Gaulle.

Argoud's name had never been connected before with that attack, which police believed was planned by Georges (the Limp) Watin, a

civilian from Algeria. Fifteen men are on trial now for the attempt. Six of them, including Watin, are being tried in absentia. A verdict is expected later this week.

According to police, the caller said: "Argoud betrayed us. He also messed up all the affairs he was supposed to organize, especially the attack on President de Gaulle at Petit-Clamart. You can pick him up. He is near your headquarters."

Incredulous, police went to the indicated spot. The prisoner admitted he was the former colonel.

Indicates Dissension

If this version of the arrest is true, it would indicate deep dissension within the ranks of the Secret Army, a right-wing extremist group which vainly opposed independence for Algeria. It could also mean that a new and more aggressive leadership has taken command of the underground organization, vowed to kill or unseat De Gaulle.

Police said Argoud told them he had been kidnapped by Secret Army traitors a few days ago in Munich and brought by his captors to Paris for delivery to French authorities.

He was subjected to intensive questioning as police sought to learn more about his captors and the remaining apparatus of the Secret Army organization.

Argoud, now 47, is under a death sentence, imposed in absentia, for his role in the 1961 putsch. Now that he is captured, this sentence will be automatically set aside, and Argoud will face a new trial.

Legislation Will Require Refill After Strip Mining

HARRISBURG (AP)—Soft coal strip mines will have to be completely refilled after the completion of mining operations under the Scranton Administration program now being drafted, sources reported Tuesday.

However, to provide relief for some who feel complete backfilling would be a hardship, the administration intends to set up a review board with power to grant exemptions, these sources told The Associated Press.

Introduction of the bill in the House was put off Tuesday. The governor's office said the measure was still being drafted.

Legislative Secretary James Reichley declined to comment on the reported major features of the program.

The key feature appeared to be the review board, to be known as the "Board of Reclamation."

Possible Members The board will be set up within the Department of Mines in the

administration bill, the sources said, but would include—in addition to the Secretary of Mines—the Secretary of Forests and Waters and the executive directors of the Fish and Game Commissions.

The board also probably will include three citizens appointed by the governor to represent the general public, they added.

There appeared to be some disagreement, however, on whether the board should be seven or nine members and how many state administrative heads should serve.

It appeared that Gov. Scranton had dropped a plan outlined in his legislative message last month to give the Department of Forests and Waters initial jurisdiction over mining reclamation work.

In addition to the requirement for complete restoration and the board of reclamation, the administration bill reportedly would limit the time a mine could be stripped before reclamation work would begin.

It also contained a feature restricting the length of the cut that can be open at any one time, the AP was told.

No Specific Details Specific details were not available.

The governor concluded a one-day flying tour of soft coal strip mining areas in Central and Western Pennsylvania last Thursday.

New Arctic Blast Shatters Records

A new blast of arctic air shattered cold records in at least eight Midwestern and Eastern states Tuesday and threatened a freeze as far south as the Gulf region and northern Florida.

Rain mixed with snow spread over western and northern North Carolina. Snow spread northward into Virginia and westward over the mountains of eastern Tennessee and Kentucky.

Schools were closed in two eastern Kentucky counties and parts of West Virginia where snow ranged up to seven inches in some West Virginia areas.

Roads were slippery in the snow area, and hazardous driving warnings were issued for parts of the Carolinas.

Subzero cold stung a wide area from Iowa into New England. Cold records for the date were set in sections of Iowa, Illinois, Wisconsin, Indiana, Michigan, Ohio, Pennsylvania and New York.

The mercury nose-dived to an unofficial -49 at Clymer in south western New York. St. Marys, Pa. posted -37; Rhinelander, Wis., -30; Watertown, N.Y., -27; Hibbing, Minn., -27; Pellston, Mich., -27; Winterset and Audubon, Iowa, -25; Marion and Pandora, Ohio, -23; and Springfield, Ill., -22.

Record-breaking lows for the date included Pittsburgh, -6; Detroit, -1; Flint, Mich., -10; Columbus, Ohio, -10; Cleveland, -15; Green Bay, Wis., -15; Buffalo, N.Y., -5.

Christians Worldwide Open Traditional Lenten Season

By The Associated Press Christians throughout the land will kneel before altars Wednesday and receive a poignant reminder that the penitential season of Lent has begun.

In Catholic, orthodox and some Episcopal churches, parishioners will hear these words as the priest moves up and down the altar rail marking each brow with a cross-shaped daub of ashes:

"Remember, Man, that thou art dust and into dust thou shalt return."

Most Christian denominations in America have abandoned the traditional Ash Wednesday ceremony but all of them, from now until Easter, will stress in their services the need for contrition and self-denial as repentance for the sins of mankind.

Ancient Custom The custom of marking foreheads with ashes—which, incidentally, is not a mandatory observance for followers of any denomination—dates back to about the eighth century.

In the early church, penitents in Rome were ceremonially admitted to begin their public penance on this day. When that discipline fell into disuse a general penance of the whole congregation, symbolized by the use of ashes, took its place.

The ashes are obtained by burning the palms left over from the previous Palm Sunday ceremonies. They are blessed in each church after an early morning Mass.

The word Lent originally meant spring. It gradually came to mean the period of fasting in preparation for Easter. But the fast

wasn't always 40 days (the six Sundays aren't counted) as it is today. And the rigor of the fast has varied over the centuries.

Fasting Varies The customs of those who observe the fast vary among denominations, but tend to follow this pattern:

Only one full meal is allowed, plus two light collations which combined shouldn't amount to as much as the full meal. There may

be no snacks between meals, and meat may be eaten only at the principal meal.

In some areas the days just before Ash Wednesday are reserved for one final burst of fun and feasting before the fasting begins. Mardi Gras, New Orleans' traditional pre-Lenten festival, literally means "Fat Tuesday." The word "carnival" comes from the Latin "Carni vale," meaning "farewell to meat."

Lenten Meditation

By REV. HAROLD C. EATON Minister, East Stroudsburg Methodist Church

FOR multiplied millions of Christians of every race, of varying nationalistic backgrounds and differing traditions, today begins the observance of the Lenten Season.

What prompts the world-wide turning Godward? Perhaps it is because we grow weary with our foibles in the world scene and sickened with our personal stumbling at the game of life. And we turn to Him who is, "the way, the Truth and the Life."

We come to these Lenten days not to recapture the historic yesterdays of our holy faith but rather to bring our Lord's Life and Spirit into the contemporary scene. Lent should make Him the chief frame of reference in human situations here and now.

Verily there is a haunting contemporary significance in His

holy journey toward the Cross. We review those earth-shaking days of the climax of His Life to discover that there is a bit of the spirit of His enemies in all our hearts. Still we betray, sometimes for less than "thirty pieces of silver"; still we deny, under far less pressure than that which brought forth Peter's cursing disavowal of discipleship; a still we build Calvaries for God's children by our pride and prejudice; still the cry of a crowd may silence our Christian witness.

Deep within we know this — and we turn to Him who alone can lift us out of our low selves to His best way of life abundant. And, reaching out toward Him we find Him seeking us.

An ancient prophet framed this Lenten call: "Let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and He will have mercy upon him; and to our God, for He will abundantly pardon."

ESC Students To Sponsor Blood Drive

SPECIAL emphasis on giving blood is asked of students and faculty of the East Stroudsburg State College March 5 when the Monroe County Red Cross Bloodmobile will arrive on campus.

Though donations are asked from the campus, all residents of Monroe County are asked to donate blood when the Bloodmobile will be at ESSC from 9:45 a.m. to 3:45 p.m.

Those under 21 must have a parental consent slip, signed by parents, and those asking for the slip will be registered so that an idea of the number of donors can be sent to Wilkes-Barre. This will help the regional office estimate the number of technicians necessary to take care of the donors.

After giving, donors will be presented with a certified Red Cross Blood Donors' Card.

Dr. Francis McGarry, Dean of Instruction, will again excuse students from class for giving blood.

Knowlton Legion To Cite No. 44

COLUMBIA, N. J. — Ruth L. Miller of Belleville, N. J., will be the principal speaker at the 44th birthday dinner-dance of Knowlton American Legion Post 481, to be held March 16 at the post home.

Mrs. Miller joined the U. S. Marine Corps Reserve in 1943 and was discharged in 1945 as a technical sergeant in the paymaster's department.

She joined Belleville Post 105, American Legion, in 1945, and had been post historian. She later became historian for Essex County and the past two years as historian for the Dept. of New Jersey, American Legion.

Mrs. Miller is also a past president of the auxiliary of Post 105.

Blue, Gold Awards Given Cub Scouts

TANNERSVILLE — Clair Walington, Cub master, presented awards at the blue and gold banquet of Cub Scout Pack 85 at the Tannersville Fire Co. hall recently.

Also receiving awards were Mrs. Joyce Robbins, den mother, and James Price, Webelos Scout leader.

Entertainment was provided by Mr. and Mrs. Gerald Powell and their trained dogs of Nantuxeth. The Barbershop Quartet and Timber Tone quartet, under the direction of Russell Specker, performed.

Mrs. Alberta Horn and her Girl Scouts assisted. Den mothers attending were Mrs. Annabelle Puschel, Mrs. Celso London, Mrs. Doris Hallett, Mrs. Joyce Robbins, Mrs. Marge Rader and Mrs. Bobbie Rasey.

Reading Reports \$4,916,558 Loss

PHILADELPHIA (AP) — The Reading Railroad Tuesday reported a loss of \$4,916,558 last year, caused entirely from deficit passenger operations.

The 1961 loss was \$6,257,113.

President E. Paul Gargewer said passenger operations lost \$5,905,313, adding that other railroad business showed a profit of \$888,755.

The Reading, which operates primarily in eastern Pennsylvania, reported that nearly half of its 1962 loss occurred in the last three months when the deficit reached \$2,121,244 compared with a profit of \$702,296 for the similar '61 period.

Total operating revenues last year were \$100,047,400 compared with \$99,513,245 in 1961. Fourth quarter revenues were down—down—\$24,460,303 compared with \$27,073,974.

RAYMOND HARTZELL, representing Bangor Masons, presented flowers to Edwin Flory on his 90th birthday. Looking on is Mrs. Lulu Wells, daughter of the oldest living member of the Bangor Lodge.

BLOOD DRIVE WORKERS—Here are the men that are working for the coming appearance of the Bloodmobile at ESSC. They are (seated, left to right) Dr. George Ochtershausen, college chairman; Dr. LeRoy J. Koehler, president of the college; and Donald Babb, student chairman; (Standing, left to right) Joseph G. DeRenzi, county chairman; Celeste Rossi, Red Cross official.

PP&L Approves Proposal To Cut Rates \$3 Million

PENNSYLVANIA Power & Light Company's Board of Directors, at its regular monthly meeting yesterday approved a management proposal to reduce electric rates by \$3 million annually.

Chas. E. Oakes, PP&L chairman, in speaking for the Board, said the Company will file tariffs today with the Pennsylvania Public Utility Commission with the new rates expected to be effective May 1 after review by the Commission.

At the same meeting, the board increased the quarterly dividend on the company's common stock from 33 cents to 34 cents per share. The increased dividend will be payable April 1, 1963, to share-owners of record March 8, 1963.

Oakes said, "PP&L is making this newest rate reduction looking ahead to tomorrow. The company believes that with the progress made in technology, in improved operations and in the growth of the business over recent years, coupled with the anticipated growth for the near future, the move is justifiable now."

Under the proposed tariff, more than 93 percent of the company's residential and farm customers and some 4,800 in other classifications will realize savings.

Residential Users
Of the company's 560,000 customers served under Rate Schedule RS for residential and farm service, some 533,000 using more than 60 kilowatt-hours of electricity bimonthly will receive reductions in rates averaging 5 percent under the new tariff. Here are examples of how the proposed rates will affect customers' bills.

A customer, without a water heater, now using 500 kilowatt-hours, bimonthly, will pay only \$15.52 instead of \$16.80, a saving of 7.6 percent; and a customer, without a water heater, now paying \$24.30 for 1,000 kilowatt-hours, bimonthly, will pay only \$23.48, a saving of 3.4 percent.

A customer who has a 50-gallon quick-recovery electric water heater, and uses a total of 1000 KWH bimonthly, will now pay only \$19.68 instead of \$20.40, a saving of 3.5 percent.

A customer who has an 80-gallon electric water heater, and uses a total of 1500 KWH bimonthly, will now pay \$26.56 instead of \$28.50, a reduction of 7.1 percent.

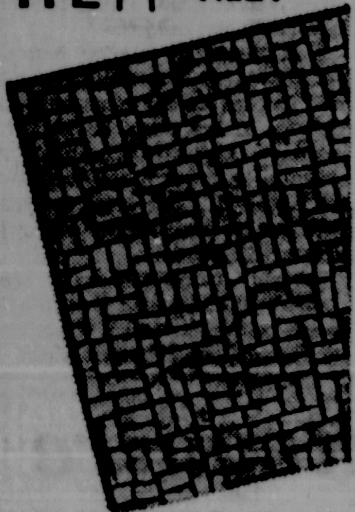

PP&L's growing number of customers served under Rate Schedule RH, for the total-electric home, including house heating, will find the new rate among the lowest available anywhere in the Middle Atlantic and Northeastern United States.

The new schedule lowers the rate from 1.5c to 1.35c per kilowatt-hour for all use over 1500 kilowatt-hours per month — a reduction of 10 percent for this large energy use. Total bills for

these customers will be reduced an average of 5.3 percent.

For example, a typical total-electric living customer using 25,000 kilowatt-hours annually now pays about \$400 a year for all his electric usage. Under the

Monroe SPCA Canine Saved Area Hotel Owner's Life

IF THE Monroe County SPCA had never received the little chow dog that barked, if Martin Petrucelli had never adopted him, the fire at the Columbia Hotel in Columbia, N.J. Monday night might have taken a toll of human life.

Ray Niper, operator of the SPCA, received the dog from an area resident. Petrucelli picked out the animal for adoption on Jan. 7 and took him to the hotel.

Early Monday morning flames licked through the downstairs of the structure, awakening the dog.

It barked loudly, arousing Petrucelli, who smashed through a window, jumped to the porch and then the ground.

The canine hero was removed from the roof by neighbors who had summoned firemen.

The fire destroyed a venerable landmark and caused \$50,000 in damages, but the precious cargo inside the building—a human life—was saved by a dog that no one wanted.

Catholics Get Ashes Today

IN OBSERVANCE of Ash Wednesday today, ashes will be distributed in St. Matthew's Church, East Stroudsburg, after the 7 and 8:35 a.m. Masses, and in St. Luke's Church, Stroudsburg, after the 8 a.m. Mass.

Ashes will also be distributed in both churches at 4 and 7 p.m.

To Visit Morocco

ROME (AP)—President Antonio Segni will visit Morocco March 6-11 at the invitation of King Hassan II, the government announced.

Eastburg Man Put In Lockup

RAYMOND R. Sheerer, 36, of 15 Crystal St., East Stroudsburg, was committed to the Stroudsburg Borough lockup Monday on charges of disorderly conduct after the charges were lodged by his wife, Doris A. Sheerer.

East Stroudsburg police made the arrest and brought him before Justice of the Peace Harold D. Larison Sr., yesterday where he posted \$19 bond for a hearing at a future date.

During 1962, 88 million pounds of shrimp were caught in the Gulf of Mexico.

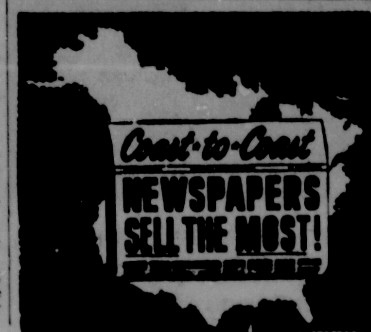

Three Deeds Filed At Court House

THREE deeds were filed yesterday in the office of Mrs. Jeanette F. Batory, Monroe County register and recorder:

Raymond Hissim, East Stroudsburg, to Ralph Vecchio, Jr., same address, property in East Stroudsburg; Pocono Lakeshore, Inc., to Sarah Copelton, Hamilton Square, N. J., two properties in Monroe Lake Shores; Pocono Lakeshore to Robert E. and Irma C. Carey, Colonia, N. J., property in Monroe Lake Shores.

Expects Increase

CANBERRA, Australia (AP)—Prime Minister Robert G. Menzies predicted yesterday the British migrant flow to Australia in the 12 months ending next June 30 will be the biggest in a decade.

Overcrowded Conditions Pose Problem At General Hospital

A CRITICAL shortage of space and beds exists at the General Hospital of Monroe County.

On State Constitution

Dean: Cluttered

PENNSYLVANIA'S Constitution is "cluttered" with legislation which should be confined to statutes and codes, a prominent attorney charged last night at a meeting in the Penn-Stroud Hotel.

"A constitution, if it is to fulfill its mission, must be simple and flexible and must endure for the ages," Dr. Harold Gill Reuschler, dean of the Villanova University law school, told a public session sponsored by the League of Women Voters of the Stroudsburgs and the Pocono Mountains Junior Chamber of Commerce.

He compared eras of constitutional making with eras of architecture and said there have been good and bad periods in both.

Reuschler said the 1870s, when Pennsylvania's constitution was adopted, was a bad period and the constitution as a result "suffers from over-elaboration."

Easy To Amend

He said, by comparison, the U. S. Constitution is easy to amend.

Obituaries

John Townsend, Shawnee Native

JOHN Spencer Townsend, 32, a guest at Grand Hotel, Market St., Wilkes-Barre was pronounced dead at Merry Hospital early yesterday morning following a fire in his apartment.

He was taken to the hospital for treatment after a fire in the mattress and bed clothing in his apartment was discovered, but died at 4:44 a.m. Deputy Coroner Anthony Recupero listed the cause of death as a cerebral hemorrhage brought on by smoke inhalation. He ruled death as accidental.

The fire was discovered by James Cope, a night man at the hotel, who noticed smoke seeping from the victim's apartment on the fourth floor.

Firemen confined the fire to the mattress and bed clothing.

He was born in Boise, Idaho, a son of Elizabeth Hickey Townsend of Shawnee and the late R. S. Townsend.

He was a member of St. Matthew's Roman Catholic Church, East Stroudsburg, and is survived only by his mother.

Private funeral services will be held on Thursday from the William H. Clark Funeral Home, at 9:30 a.m.

The services will be followed by a requiem high mass in St. Matthew's Church at 10 a.m. with the Rt. Rev. Msgr. Thomas J. Cawley the celebrant.

Interment will be in the St. Matthew's Cemetery, East Stroudsburg. There will be no viewing.

Mrs. Alice Teeter, 93, Stroudsburg

MRS. ALICE D. Teeter, 93, died at 1:30 a.m. yesterday at the home of her son and daughter-in-law, Mr. and Mrs. Sherman Teeter, 21 Collins St., Stroudsburg. She had been in failing health two years.

She was born in Monroe County, the daughter of John and Elizabeth Zacharias Dalley, and was a lifelong resident here. She was the widow of John H. Teeter and was of the Methodist faith.

Surviving are three sons, Claude W. and Sherman S., both of Stroudsburg and F. Russell Teeter, East Stroudsburg; four grandchildren and eight great-grandchildren.

Services will be at 2 p.m. Friday in the Lanterman Funeral Home. Rev. Harold C. Eaton will officiate and burial will be in Prospect Cemetery.

Friends and relatives may call at the funeral home from 7 to 9 p.m. Thursday.

Mrs. Emma Stone, 69, Eastburg

MRS. Emma Stone, 69, of 8 Day St., East Stroudsburg, died at 11:30 p.m. Monday in Monroe County General Hospital. She had been in failing health a year and seriously ill two weeks.

She was born in Northampton County, the daughter of Lorenzo and Mary Howell Dildine, and had lived in the Stroudsburgs most of her lifetime. She was the widow of Edward Stone.

Surviving are two sons, Robert and Edward Stone, both of East Stroudsburg; six grandchildren, and one sister, Mrs. Nettie Staples, Cheyenne, Wyo.

Services will be at 3 p.m. Thursday in the Lanterman Funeral Home. Rev. Louis C. Johnson will officiate and burial will be in Prospect Cemetery.

There will be no viewing.

terday, today's needs are ever expanding.

"Considering the current situation," Smith said, "it is imperative that those who have pledged funds to the expansion campaign try to meet payments to the best of their ability if the

situation is to be alleviated."

In the current expansion report, 125 pledges are in arrears.

Though the goal of the hospital is \$1 million for new buildings, and \$1,200,000 has been subscribed, only \$470,000 has been paid to date.

This leaves \$730,000 yet to be collected before the pledges are complete.

The present capacity of the hospital is 131 patients. Yesterday 150 patients were crammed into rooms, solariums, and hallways.

Smith noted that Monday there were 148 persons in the hospital. He said that the census averaged 128 patients during January—seven more than the previous year—and that this was with perfect distribution.

Perfect distribution means that patients are spread out to include all the facilities as they are set up. For instance, if there are 50 maternity beds, then there would be 50 maternity cases.

"This is not the case," Smith said, and we have to make do with what we have." Most days in January the hospital was over the limit.

Solariums Used

Two solariums are being used as rooms, and can accommodate seven patients, and the hallways also hold beds—with up to eight patients being treated in the halls yesterday.

"The need for expansion is obvious—hallways are no place to treat patients," the supervisor said.

This time of the year is the big push, and the situation becomes worse proportionately with the need for space. In the summer months the need is not as great, and the space is available, but when the winter months arrive, with accompanying sickness, space becomes critical at the very time when it is most needed.

"We've been pushed harder the past few months than we ever have before," Smith noted.

Besides the patients who are already in the hospital, there are also 30 persons on the waiting list—persons who need medical attention in the hospital but whose cases are not so urgent that they are immediately placed in the facilities.

When the building program is completed," Smith said, "there will be 176 beds, plus a possible additional unfinished two floors for future expansion."

Going Out Of Service

"The old north wing is going out of service and we are losing 49 beds back there," Smith added. "This loss is due to the Department of Homes and Hospitals of the State Department of Welfare."

"Beds in the non-fire-resistant section—the north wing—are not suitable under their law."

All told, when the entire bed loss is effected, it will total 66 beds. With 131 present beds, minus 66, the new total bed number will be 65. But with expansion, an additional 111 beds will be added, bringing the total to 176 beds.

Smith said that with the 150 persons now in the hospital, and the 30 on the waiting list, the new expanded facilities would be full as soon as they are completed.

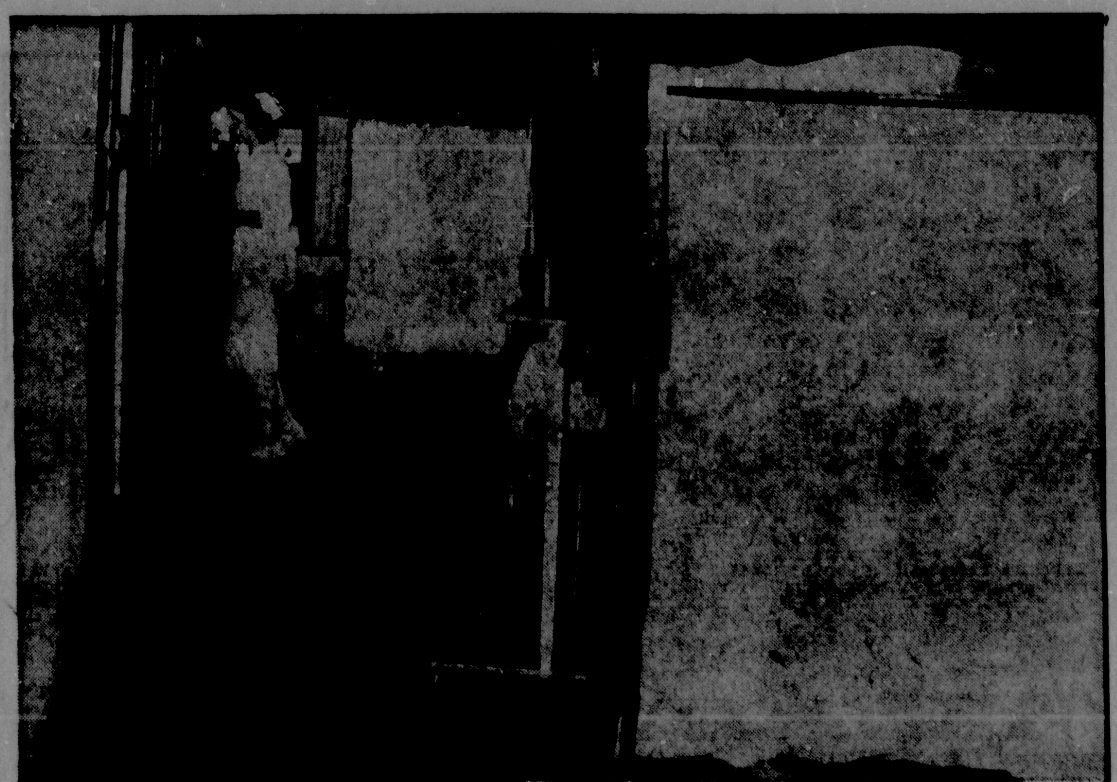

Covers Lots Of Ground

He said that the Monroe County hospital is in a geographical location that serves a radius of 30 miles—the nearest hospitals are 30 miles away on all sides. This is a circle of coverage with a diameter of 60 miles—a lot of territory for a hospital of 131 beds.

"We have told our doctors not to admit anyone unless he is classified as an emergency case," Smith said, "for we are trying to keep our census down. We have also instituted discharge

regulations, where the patients must leave before 1 p.m. of their discharge day to make the bed ready for the next occupant."

At the time of the interview yesterday, the last bed in the hospital was being filled up.

NEED FOR EXPANSION—This is the situation as it stood in the General Hospital of Monroe County yesterday. The halls were crowded with beds of patients forced to stay there because of lack of space. A critical need for expansion was expressed by hospital officials.

Lenten Lectures In S-burg

SPECIAL Lenten lectures on "Basic Christian Beliefs" will be held at the First Presbyterian Church of Stroudsburg at 7:30 p.m. today and will be continued every Wednesday night until Easter.

The pastor, Rev. John A. Bollier, will discuss the topic, "The Holy Scriptures" this evening. On the following Wednesday evenings in Lent the topics will be "God and His Providence," "Man and His Fall," "Jesus Christ, the Mediator," "Justification and Adoption," "Sanctification and the Christian Life" and "The Sacraments."

The basic text for the course will be the Bible. However, special attention will be given to the Westminster Confession of Faith, which is one of the basic doctrinal standards of the Presbyterian Church. This confession, which was drawn up by an assembly of English and Scottish divines in 1646, has served as a statement of beliefs of Presbyterian Churches throughout the world to this day.

Rev. Bollier will also discuss how contemporary insights into the Bible have modified this confession and have made it meaningful and enriching for the faith of the 20th Century Christian.

The public is cordially invited to attend these lectures. Each lecture period will be followed by a question and answer period.

County Road Chiefs Named

HARRISBURG (AP)—The appointment of new maintenance superintendents in Susquehanna and Fayette counties was announced Tuesday by the Highways Department.

Harry S. Fancher of Montrose was appointed at an annual salary of \$6,715 to succeed John M. Maloney in Susquehanna County. Maloney becomes assistant superintendent at a salary of \$6,390. He received \$7,055 as superintendent. Fancher's appointment is retroactive to Feb. 21.

In Fayette County, Bernard Bigley of Dunbar R.D. 2 was named to replace Harry A. Malik. The appointment is effective March 7. Bigley will be paid \$5,803 annually. Malik's annual salary was \$6,390 before he was fired.

regulations, where the patients must leave before 1 p.m. of their discharge day to make the bed ready for the next occupant."

At the time of the interview yesterday, the last bed in the hospital was being filled up.

Pay Hikes Sought For College Profs

HARRISBURG (AP)—Increases in minimum salaries ranging from \$900 to \$3,000 a year for the faculty of the 14-state-owned colleges was proposed yesterday in the House.

The measure (H374) also provides for merit pay increases and revises the qualifications of the faculty.

Reps. William G. Buchanan, R-Indiana; H. Jack Seltzer, R-Lebanon; Guy A. Kistler, R-Cumberland; and Jeanette F. Reibman, D-Northampton, sponsored the proposal.

The top increase would go to professors, whose minimum now is \$6,000 annually. Associate professors would have their present minimum of \$5,500 increased to \$7,650; assistant professors, now receiving a minimum of \$5,000, would be increased to \$6,300 and instructors would go from \$4,500 to \$5,400.

We have at least one design in good taste to fit every preference, every budget and every cemetery situation on hand.

Wall Seeks College For Wayne County

HARRISBURG—Rep. Arthur J. Wall (R, Wayne) has sponsored a House resolution requesting the Department of Public Instruction to study the advisability of establishing a community college in Wayne County.

The resolution was referred yesterday to committee.

Representative Wall said in his resolution that "Wayne County is in need of a community college" and suggested that there is available facilities to accommodate such a college.

The proposed survey and study by the DPI "is to include available facilities, feasibility and necessity."

The DPI is directed to report to the House at "the earliest time before the end of the 1963 session."

Brand-New V-8!

NEW V-8 COSTS ONLY \$195 MORE THAN THE CLASSIC 6

Announcing New Rambler Classic V-8 with superior performance and high economy

"Car of the Year" now offers 198 HP V-8 running mate to famed Classic 6.

Try this for a surprise package. A brand-new V-8. Economy in the Rambler tradition. Responsive performance. Price? \$76 to \$195 less than comparable Sixes of the two best sellers.

Through years of research, American Motors was convinced that a high-economy V-8 could be perfected. Today the Classic V-8 is tested, proved and ready for you, at your Rambler dealer. You get balanced performance plus high economy—the Best of Both. And many other "bests" you never heard of before in any car priced so low!

Monday Night Westbrook Seeks Register And Recorder Nomination

J. NELSON Westbrook, 134 Broad St., Stroudsburg, yesterday announced his candidacy for the Democratic nomination for Monroe County register of wills and recorder of deeds in the May primary election.

The son of John L. Westbrook, who was county engineer for 25 years, he served as county treasurer from 1958 to 1961. He has been treasurer of the Monroe County Democratic executive committee for the past eight years.

Extra openings under consideration, besides the Monday hours, are March 27, April 23, May 19 and 26.

The group hopes that president Jess Pierson will have an answer from a Pittsburgh merchant concerning the method and success of token parking facilities.

The next meeting is Monday at 6:15 p.m. at Leggieri's Restaurant, Stroudsburg, when the extra-hour Mondays will be discussed and voted upon.

GOP Appointee Turns Down Job

HARRISBURG (AP)—The Scranton administration reported Tuesday that Mrs. Louise Russell of Wilkes-Barre has definitely turned down an appointment as director of the Bureau of Women and Children in the state Labor and Industry Department.

William Murphy, Gov. Scranton's executive secretary, said the administration now is attempting to find someone else.

Mrs. Russell reportedly rejected the offer because of a salary cut. Miss Elizabeth Johnson, who was fired to make room for Mrs. Russell, reportedly received \$12,675 a year. Mrs. Russell was offered \$9,000.

There are more than 10,000 types and sizes of light bulbs. Of these, 35 types are designed for home use.

The President's Advisors

The duties and responsibilities laid upon a President of the United States by the Constitution, by innumerable legislative acts and by an expansion of the federal government that would have seemed incredible to the nation's founders, have passed the point where any one man can possibly discharge them. He must often rely in matters of the most vital importance, upon the advice of others.

The quality and wisdom of this advice, therefore, becomes a problem of world, as well as national concern.

That the advice can fail, and fail dreadfully, has been stated by President Kennedy himself. In an interview dealing with the Bay of Pigs disaster, he said that "the advice of those who were brought in on the executive branch" was "unanimous" and "wrong." He then added, with admirable frankness, "I was responsible."

So he was—the captain of the ship is always responsible. And that brings

up a grave problem of what kind of advice an over-burdened President, submerged as he must be in questions of crucial world policy, is being given in the domestic sphere.

For instance, his Council of Economic Advisors recommended the economic measures of every kind that they wish him to propose. This Council consists, for the most part, of articulate men who want the federal government to exert an ever-increasing authority over the economic life of the nation—the wages paid, the hours worked, the profits and policies of industry, the labor-management relationships and so on, ad infinitum. The end result, should their views be adopted, would be economic regimentation, top to bottom. And who can honestly say that such a check-rein on free enterprise would result in a resurgent economic energy productive of more investment, more risk ventures, more technological progress, more good jobs—more, in short, of all the things that mean progress?

Pay Raises For Merit

The decision of the Scranton Administration at Harrisburg to tighten the policy on annual merit pay raises for state employees has two praiseworthy goals. It is designed to save money while at the same time improve worker efficiency.

Basically, the policy as outlined in a directive from John W. Ingram, secretary of administration, is an outgrowth of an austerity program announced by the governor as part of the effort to achieve a sound budget and minimize the fiscal hardships posed by anticipated deficits. That would be the immediate purpose of the policy.

The long-range effect, however, would be to make meaningful the practice of granting merit pay increases. It is planned to permit merit increases for only 75 per cent of those who might be in line for them in a given year from the standpoint of tenure.

Too often in the past, "meritorious salary increments" we handed out on the basis of service alone, with no regard for the quality of service. The

indifferent worker content to provide minimum performance was rewarded to the same degree as the earnest, able and hard-working employee. In that situation, there is no incentive for extraordinary performance and payroll costs rise without any comparable improvement in service to the state and the people.

It will be the intention in the future to limit the merit increases to those employees who do above average work. That, in the final analysis, is the reason for annual merit pay increases and the competent and diligent employees should welcome the plan to put the system into its proper frame.

When it is considered that the commonwealth's payroll system embraces 38 grades, each with its provisions for annual merit increases of about five per cent, it is apparent that a prudent and purposeful administration of the policy promises not only substantial savings to the taxpayers, but an uplifting influence on the quality of performance by state employees.

—Scranton Tribune

John Chamberlain

Crazy Like A Fox

Whether there will be a new labor crisis in steel this coming spring is a question. But as the leaders of the United Steelworkers union mull over their chances for winning new concessions from the steel companies, they must be reflecting on a queer irony: Roger Blough, who was a second and decided figure last year when he was forced to back down on the matter of a price rise, now looms up as a far-sighted man. He has made it tough for the steel union to make out a plausible case for any hefty increases in wages or benefits for 1963.

Even Mr. Blough's conservative friends were guilty of kicking him a year ago after President Kennedy had told him off. They talked playfully about his "blunder" in public relations, his poor sense of "timing," "Roger Blough of U. S. Putty" was the phrase that William Buckley's conservative National Review pinned on him for alleged pusillanimity in failing to stand up in the face of Kennedy's withering blast.

It seemed to cross nobody's

mind during the furore and hubbub that maybe Mr. Blough, in establishing the point that the steel industry needed profits in order to keep its plant up to snuff, was putting his company and his industry in a good bargaining position for future crises in labor relations.

My own impression of Roger Blough, gained from past journalistic encounters with him, is that he is a cutie, a "phony" in the description which Arthur Koestler once applied to a writer who pretended to a wide-eyed innocence in order to lure people into his confidence. Not so long ago I went to see Mr. Blough on an assignment: I was supposed to find out what the United States Steel Corporation was doing to combat the workings of Parkinson's Law of bureaucratic "empire building" as it applied to ambitious department heads in the steel business.

I got no good answers to my questions for the very good reason that Mr. Blough had no intention of admitting that there was any departmental feather-

bedding in U.S. Steel to counteract. Mr. Blough was a shrewd man, all right; before the interview was over he was trying to interest me in a story about the inequities of Minnesota State tax law as it applied to the mining of iron ore on the Mesabi Range.

Since Mr. Blough knows his own industry, he could not have been really sanguine last April that a price rise could have been made to stick for very long. No business that is operating a good deal short of capacity will refuse to shade its prices in order to attract customers. When machinery is standing idle, the stated — or "administered" — price is one thing, and the actual price at the moment of dealing is another. Mr. Blough is just as much aware of this rule of competition as any man alive.

So the scheduled steel prices would probably have been broken even if President Kennedy had kept a civil tongue in his head. Nevertheless, the gesture on the part of U.S. Steel, Bethlehem and other companies was worth the making. In the first place, it succeeded in calling wide attention to the fact that industry must find some valid method of financing the modernization of decrepit manufacturing facilities.

Once he had turned thumbs down on higher steel prices, President Kennedy could hardly refuse to listen to the corporations' plea for a more lenient depreciation policy, and some ultimate relief from the 32 percent tax on corporate profits.

Beyond this, Mr. Blough accomplished another thing: He put the United Steelworkers union in a bad position to ask for a big wage increase this year or next.

Should the Kennedy Administration seem about to sanction a general wage increase in steel prices, he based his decision on a general stand against inflation. He can hardly shift his ground this year without risking the charge of inconsistency, mental dishonesty, and craven trucking to the labor vote. And it is no less a person than Roger Blough who has managed to tie the President's hands.

A yodel, this Roger Blough? Would that you and I could be so clever.

"Are you SURE you have the right sheets for this poster?"

The Pennsylvania Story

The Expected 'Upheaval'

By Mason Denison

Harrisburg—"When does the upheaval come?"

This is perhaps one of the more pointed, intriguingly inquiring questions heard today around Pennsylvania's Capitol Hill.

The question of course is in relation to the expected toss-out of the thousands of Democratic payrollers in favor of Republican counterparts—now that the Republican Scranton Administration has moved into the marble barn.

It is a question heard almost as frequently from current Democratic officeholders as well as hopeful Republicans.

The answer though isn't a quick one. There is no such thing as a "deadline"; there will be no mass exodus; for the most part it will be carried out rather quietly.

The whole program of "rehabilitation" (as some of the more astute GOPers prefer to call it) is an involved affair; complicated for a host of reasons.

In the first place Keystone State Republicans now that they are back again in the horn-blowing position they previously held up to eight years ago, are striving mightily to avoid the onus of simply switching jobs for political sale.

Mr. Scranton himself outlined the precept to be followed some

time ago when he asserted qualifications first, and then political qualifications and affiliation, in filling the 50,000-odd state payroll positions now under the patronage system.

Republican chieftains are hewing to this line pretty closely—amazingly perhaps.

The tolling chime now is to find "qualified" people within their own ranks—Republican ranks, that is—to fill this host of positions. This in itself involves a tremendous screening process—the delay of which is driving many a GOP county chairman nuts.

Applications are flooding county offices—with the flooding overflow beginning to deluge administration personnel offices on Capitol Hill.

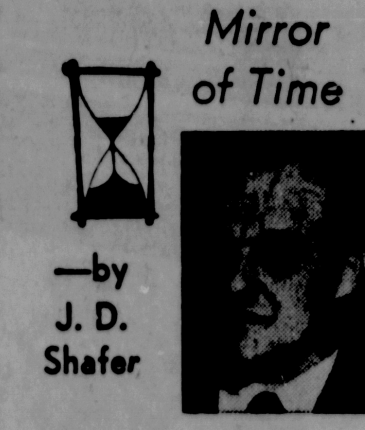

"Most of the county chairmen understand the job we're trying to do down here, realizing that the painstaking and careful screening will pay off in better governmental operations, which in turn is bound to result in a better party record," GOP State Chairman Craig Truax commented to this column at lunch the other day.

He admitted the job of handling the personnel phase is "tremendous" but insisted that nearly everyone from the Governor on down feels confidently the slow screening system will pay off ultimately.

"You can't help but give the leaders in the field, the county chairmen, a healthy pat on the back for their patience in going along with us—while at the same time they are being hounded by job-seeking faithful back home," Truax added with a tight grin. "It's one of those things we're developing as fast as we can but it's bound to take time. Under the circumstances it can not be sudden.

What about the present Democratic jobholders? They'll continue on the job until their replacement can be found—which may be anywhere from a few weeks to possibly a year or more.

The answer therefore as to when the "upheaval" will come can perhaps best summed up in the few words: there won't be any great upheaval as such—the transition will be gradual, thoroughgoing and as smooth as possible.

10 Years Ago

"Yes," signed the second golfer. "You know it happened on the sixth green and it was drive and drag Eddie, drive and drag Eddie, all afternoon."

Off The Record

By BOB CLARK

Good or bad?

Stroud Union School District's superintendent of schools, Earl Groner, brought back the news the other day from Harrisburg that there is a chance the school district will operate the same in the future as the organization is run now.

What Groner meant was that the controversial Reorganization Act, already in the law books, may not hit Stroud Union and force the school district to join Pocono Mountain, East Stroudsburg and Pleasant Valleys in the state-approved Monroe County Plan.

In other words, Stroud Union may be able to go its own way, while the other three jointures join forces under one banner.

Actually this is the way it is set up now. Stroud Union is the so-called lone wolf, while East Stroudsburg, Pocono Mountain and Pleasant Valley are under the banner of the Monroe County Schools. But...

Can we offer a better education to our youth with a four-acre plan or is it better to have each individual district travel the path alone? Would it be more economical for the taxpayer—the individual who pays the freight — to help pay for a large setup or a so-called smaller organization? These questions have been asked in the past but never clearly answered.

The School Reorganization Act was a hot potato in the last election. Some state senators and representatives got caught in the vice and lost fights for their Harrisburg seats.

Gov. William Scranton played it coy before the election, advocating school merger but with some amendments to the present act. Democrats and Republicans crossed lines and went determinedly for and against the measure. But it has been passed and thus, it is a law in the state books.

Groner announced to his school board that the district has to meet Gov. Scranton's criteria for "quality" education. He noted that if a school district met these high standards they would be more or less left alone. In other words, not thrown in a package deal with other school districts or jointures.

The School Reorganization Act has some faults as educators and solons have pointed out. But they haven't been spelled out fully yet. It is the feeling of some directors that the Act is vague and leaves itself open to many pitfalls.

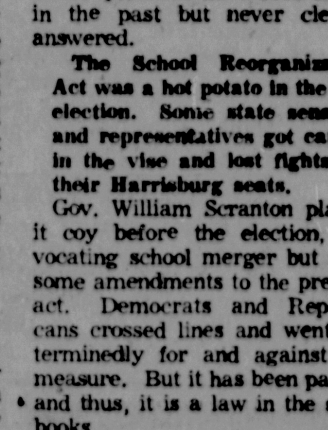

Anyway the representatives and senators in Harrisburg are taking it nice and easy before going into the project full of talk and no arms. No doubt it will be a Primary Election football and may even get into the General Election battle.

Officially Stroud Union is covered lock, stock and barrel by the law. However, if Gov. Scranton's new edict of "quality" education is an out you can bet Stroud Union will get its separate way.

Is that good? Well a small survey of folks in the district are 100 per cent for the lone wolf tag. However, we would imagine that East Stroudsburg, Pocono Mountain and Pleasant Valley will hop on the same "quality" bandwagon and go their separate ways.

Then what about the School Reorganization Act. Well, that would sail along with thousands of other branchblinds that are scuttled in Dave Jones' locker in the Capitol's archives.

Is that good or bad?

Gene Brown

The Allen-Scott Report

Other MIG Incidents In Florida Straits

By Robert S. Allen and Paul Scott

Washington—That shrimp boat attack is only one of a number of MIG incidents in the open waters between the U.S. and Communist-ruled Cuba.

Prior to that, on at least six occasions MIGs "buzzed" U.S. Naval patrol planes flying surveillance missions in this troubled area. The last of these deliberately provocative episodes occurred February 18—just two days before the gunfire assault on the unarmed and disabled shrimpper.

Full reports on each of these aggressive "buzzing" incidents were made to the President, State Department and Pentagon. In each instance public disclosure was banned by direct White House edict.

The shrimp boat attack became known only because newsmen and members of Congress were tipped off about it and began demanding information. Only after the White House, State and Defense Departments were bombarded with inquiries did they admit what they had suppressed for more than 24 hours.

While the Naval patrol planes are armed, they did not fire at the "buzzing" MIGs. The U.S. pilots did that under strict orders not to use their weapons unless fired upon.

Military authorities are convinced there is a direct relation between the "buzzing" incidents and the machinegunning of the shrimp boat.

This sequence is a characteristic Communist pattern. The

Reds extend their provocative probes step by step to determine how far they can go before there is a reaction. Its nature and scope determines what they do next.

Contrary to certain press reports, there has been no change in the "don't fire" orders of U.S. pilots.

They are still strictly barred from using their weapons against the Cuban-based MIGs unless fired upon. In other words, the MIGs can continue to "buzz" and otherwise harass our planes with impunity.

Defense Secretary McNamara personally revealed this in his secret testimony before the Senate Armed Services Committee.

In response to a question on what Kennedy administration proposed to do in the event of a repetition of the shrimp boat attack, the Pentagon chief made this reply:

"U.S. planes have orders to fire only if fired upon. They are free to fire on any plane or ship attacking an American plane or vessel in international waters, but 'hot pursuit' is prohibited. McNamara stated that both he and the President are emphatically against that 'for the present.'"

The Untold Story—Three MIGs were involved in the February 18 "buzzing" of a Navy patrol plane—2 MIG-17s and 1 super-sonic MIG-21.

The U.S. plane was over international waters approximately 40 miles off the northeast coast of Cuba when the MIGs swept in and made their first "buzzing"

pass. They were preparing to make a second when two super-sonic U.S. interceptors appeared on the scene.

The had hurriedly "scrambled" aloft from a Florida base in response to word from the Naval plane.

The three provocative MIGs broke off abruptly and high-tailed for Cuba.

The two U.S. interceptors, closing in at supersonic speed, could have overtaken the Reds and unquestionably blasted the MIG-17s out of the sky. But beyond chasing the "buzzers" off, the American pilots did nothing—under orders.

Their orders flatly forbade them from using their weapons against Communist planes.

Later, the crew of the patrol plane reported the MIGs flew so close they could clearly see the pilots. Also that the pilot of the MIG-21 was apparently the commander of the trio and that, while he spoke Spanish, he had a pronounced guttural accent.

In addition to these White House suppressed "buzzing" incidents, U.S. radar frequently picks up MIGs and Soviet-built reconnaissance planes flying at high altitude over the open waters between this country and Cuba.

The Russians are definitely known to have at least two U-2 type reconnaissance planes in Cuba, manned by Russian pilots.

They also have an estimated 40 MIG-21s, all piloted by Soviet blockpersonnel. No Cubans fly these latest type supersonic fighter-interceptors. Cubans do pilot MIG-15s and some MIG-17s.

But all these Russian-built planes are under Soviet command.

The air commander of Cuba is Col. General N. I. Gusev. Chief of all Soviet forces in Cuba is General C. O. Sazenko. Under General Gusev are some 2,200 Soviet pilots and technicians.

Also under his command is an extensive communications and radar system that controls all military air traffic over Cuba. This widespread communications network is linked directly with the massive anti-aircraft defenses the Russians have in Cuba. These weapons consist chiefly of high and low level air-to-ground missiles capable of being aimed with nuclear warheads.

The Senate armed services committee, conducting an inquiry of the Cuban menace has been informed that Secretary Dean Rusk and McGeorge Bundy, special foreign affairs assistant to the President, urged that a direct protest be made to Castro instead of Khrushchev on the shrimp boat attack.

The Joint Chiefs of Staff were studiously not consulted by anyone on this matter.

According to what the Senate committee has been told, Rusk and Bundy persuaded the President to dispatch the note to Havana instead of to the Kremlin on the ground that the latter would "jeopardize" the administration's efforts to induce Khrushchev to make good his word to withdraw Russian troops from Cuba.

"In other words," remarked a committee member, "this was a political decision."

Dear Abby

He's An Oddball, Lady!

DEAR ABBY: I have been married for five years to a man who getting on my nerves. He doesn't give me a dime unless I tell him what I need it for. I haven't bought myself any clothes for two years. He says I don't need anything. If I want something, he buys it. I don't know what he earns as I've never seen his pay check. He takes me to the local drive-in movie three times a year. That's my entertainment. He has an ugly temper and when he gets mad he kicks everything in sight. He won't leave the house without a tan lotion on his face and dark glasses. Winter and summer! Is something wrong with him? Do you think he's dangerous?

SICK OF IT ALL

DEAR RICK: He is certainly peculiar, and could be dangerous. Ask your clergyman to help you get him to a doctor. And do it now.

DEAR ABBY: Our son is 16. He is constantly going up to his room and looking across into the neighbor's window where two teenagers give him their bedroom. I told my husband and he said it was "natural." I don't think so, do you?

WORRIED

DEAR WORRIED: Curiosity is natural, but this is bordering on the mischievous, if not pathological. Tell your son to cut out the peeping, and keep on him until you are sure he has.

Club News

The Monroe Stamp Club will meet March 6 at which time we will hold a Party Auction. All members are asked to bring lots for this special auction.

The last meeting of the Stamp Club will be held Friday evening at 7:30 p.m.

Markin Time

When conscience is so very weak, And Passion is the master, Although we find the joy we seek, It will be followed by disaster.

FLAGS OF FRIENDSHIP—Officer visitors to Tobyhanna Army Depot this week represent five Allied countries. Standing next to their respective national flags are, left to right: 1st Lt. Jose Quinones, Venezuela; Capt. Juan DeHita, Spain; 1st Lt. Kim Young Yong, Korea; 1st Lt. Jorge Padilla, Ecuador, and 1st Lt. Narom-Pin-Keo, Cambodia. All are members of Signal Material Maintenance Officers Course at Fort Monmouth, N. J. (U. S. Army Photo by John Mietlicki)

Area Soldier Slated For Sentencing

SCRANTON—Staff Sgt. Willard P. Hagy Sr. will be sentenced by Federal Judge William J. Nealon Friday morning on charges of defrauding the government.

The non commissioned officer from the Tobyhanna Army Signal Corps Depot has pleaded nolo contendere (no contest) to charges he passed off another woman as his wife in order to get certain benefits.

Reports are the woman underwent treatment at Valley Forge Hospital in the guise of being Hagy's wife.

Sentencing is set for 10 a.m.

Peter Gruber Smodis, RD 1, Hellertown, will be sentenced on conviction he refused to be inducted into military service. Smodis claims he is a Jehovah Witness.

Council Sees State Colleges Shortchanged

HARRISBURG — The Council of Pennsylvania State Colleges Alumni Associations charged yesterday that Pennsylvania's own state colleges have been "short-changed" by the Legislature while "huge grants of tax monies" are used to finance private colleges and universities.

Leon E. Lunn, president of the council which represents the alumni of the 14 state colleges, pointed out that during the 1962-63 fiscal period private institutions of higher learning, including Pennsylvania State University, received state appropriations totaling \$41,207,000, compared to \$14,980,000 to all 14 state colleges. ("Appropriations of State Tax Funds For Operating Expenses of Higher Education, 1962-63" — Penna. Department of Public Instruction monograph.)

"Clearly, the Commonwealth's own colleges are being short-changed while private institutions receive three of every four dollars of state money available for higher education in Pennsylvania," Lunn said.

Lunn pointed out that income from student tuitions and fees are held by the private colleges, including Penn State, while the income from students at state colleges are returned to the General Fund.

Senator Bids For Superior Court

HARRISBURG (AP)—Sen. Paul W. Mahady, a second-term state senator from Westmoreland County, announced Tuesday his candidacy for the Democratic nomination for judge of the state Superior Court.

Mahady is a 54-year-old attorney of Latrobe. He was elected to the Senate in 1960 and re-elected last year.

He becomes the first Democrat to announce for one of the two Superior Court seats up for election this year.

The seats are held by Judges J. Calvin Wright of Bedford and Harold L. Ervin of Delaware County, both Republicans and both expected to seek reelection for 10-year terms.

State Democrats have not decided whether to endorse the two Republicans as sitting judges or state opponents from their own ranks.

Otis B. Morse, state Democratic chairman, said he would call a meeting soon of the 64-member state Democratic Policy Committee.

Mahady said he has been endorsed for the judgeship by Westmoreland County Democrats.

73 Farms Sign Up For Feed Program

AS OF yesterday, 73 farms in Monroe County have been signed up for participation in the 1963 feed grain program, Donald Reish, Chairman, Agricultural Stabilization and Conservation County Committee, has announced. County farms eligible to be included in the program total 388.

"Eligible" farms are those which grew one or more of the three feed grains — corn, grain sorghum, or barley — during the program's base years 1959 and 1960.

Feed grain acreage signed up for diversion through the program now totals 518 acres, including 507 acres of corn, 2 acres of grain sorghum, and 9 acres of barley. Feed grain base acreages of these participating farms amount to 1060 acres.

To Earn \$2,437.81

Based upon farmers' intentions, as recorded at the ASCS County Office, these producers will earn an estimated \$2,437.81 for participating in the feed grain program this year.

The Chairman points out that the 1963 feed grain program offers farmers an opportunity to continue the progress chalked up during the past 2 years in balancing supplies with estimated needs. At the same time, the program payments give participants a substantial return from their acreage in which they usually have a heavy investment.

Under the program, a grower who reduces his feed grain acreage (of corn, grain sorghum, or barley) by at least 20 percent of his farm's total base acreage (1959-60 average) will earn a diversion payment — for shifting the acreage from production to a conserving use, and a price-support payment — on the normal production of the 1963 feed grain planted acreage. He will also qualify for regular price-support loans on all the corn, grain sorghum, and barley produced on the farm's 1963 planted acreage.

To farmers interested in taking part in the program, Reish says: "Be sure to sign up soon. Right now, we can take care of producers without undue delay, but the later you wait, the more crowded the county office is likely to be."

The sign-up period extends through March 22.

Fishing Licenses To Expire

PENNSYLVANIA fishing licenses expire at midnight, February 28, according to W. W. Britton, chief law enforcement officer of the Pennsylvania Fish Commission.

The 1963 licenses have been distributed to the more than 2,000 license issuing agents and county treasurers throughout the Commonwealth.

Britton warned all ice fishermen that they must have the new licenses displayed on an outer garment while fishing beginning March 1.

Dividend Raised

NEW YORK (AP) — Latrobe Steel Co. declared a quarterly dividend of 15 cents a share payable March 29, raising the payment rate from 10 cents a share.

160 Attend Cub Pack Fete At St. Matthew's Church

DR. EUGENE Powers, professor of education at East Stroudsburg State College, spoke on individualism to 160 Cubs, parents and friends of Cub Pack 83, St. Matthew's School, East Stroudsburg on Feb. 19.

He told the Cubs that each should be able to stand out in a crowd even when they are not in uniform.

George Duffy was chairman and introduced Father John Esseff who gave the invocation and the pledge of allegiance.

The Pack Charter was presented to Arthur Blewett, institutional representative by George Rung, neighbor chairman.

Joseph Fleming is Cub Master and den mothers are Mrs. Natalie Mertens, den 4; Mrs. Lorraine Tweedie, den 5; Mrs. Gail Duffy, den 6; Mrs. Lorraine Rusk, den 7; and Mrs. Shirley Peters, den 8.

These boy scouts assisted the den mothers. Joe Gondell, Mike Nicolaie, Robert Meyers, John Sweeney, and Pat Flanagan.

George Dittmore is committee chairman and his committeemen are John Gorgone and George Duffy. Assistant cub-masters are Thomas Sommers and Miles Werkheiser.

Wayne Schlorholtz is treasurer and John Romansky is award chairman. Marty Rowen and Ed Martin, leaders of Scout Troop 83, were also presented.

Den 8, with Tim Peters, William Henry, Pat DeMaria, Scott Albertson, Dave Kupiszewski, Mike Dittmore, Jim Moylers, Ted Stevens, Joe Jacques, Dan Sommers and Pat Flanagan presented an Indian skit.

NEW YORK (AP)—North American Aviation Inc. has elected Leland R. Taylor a director. He is vice president and assistant to the president.

Carrier
Air conditioning
hint from

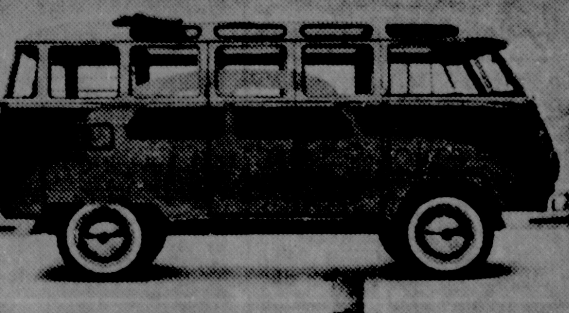

This is no place for unskilled hands

It takes skill and know-how to install an air conditioner and adjust it for trouble-free, economical operation. That's why all of our men are thoroughly trained in the application of air conditioning.

With Carrier, you get double protection: a quality engineered product and a quality service setup. Let us tell you about it.

LAWTON HUFFMAN
Co., Inc.
Marshalls Creek
Dial 421-5755

That's about the size of it.

That special paint job is to make it perfectly clear that our Station Wagon is only 9 inches longer than our Sedan.

Yet it carries almost a ton of anything you like. (About twice as much as you can get into wagons that are 4 feet longer.)

Or eight solid citizens, with luggage. Or countless kids, with kid stuff. The things you never think about are worth thinking about, too.

You never worry about freezing or boiling; the rear engine is air-cooled.

You can expect about 24 miles per gallon and about 30,000 miles on your tires.

And you can forget about going out of style next year; next year's model will look the same.

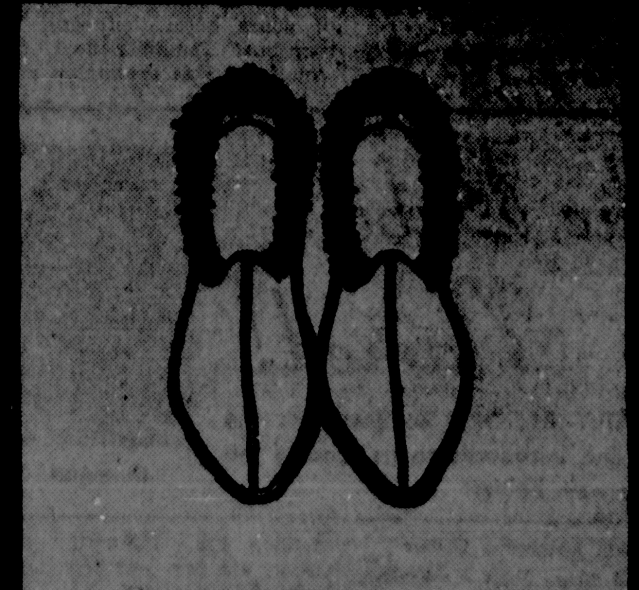

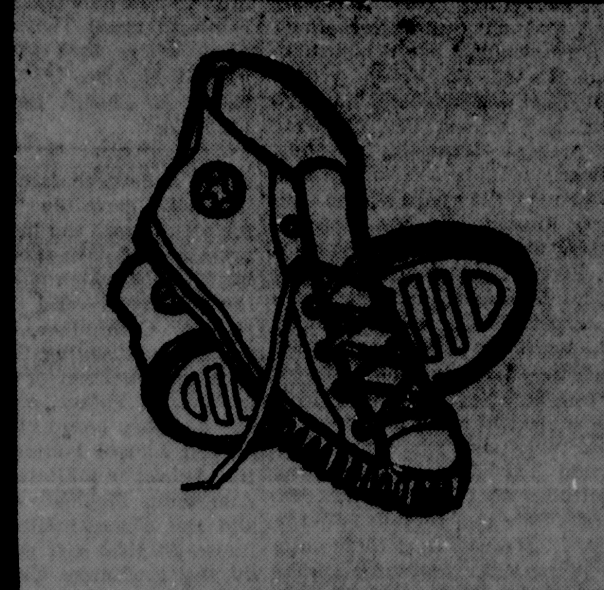

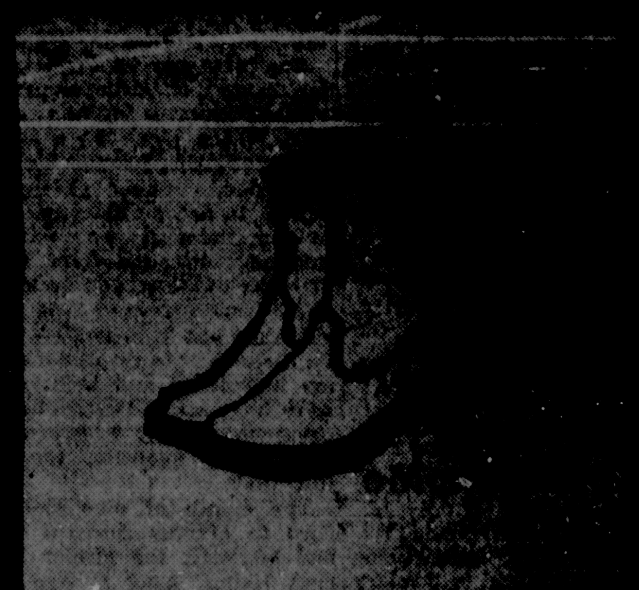

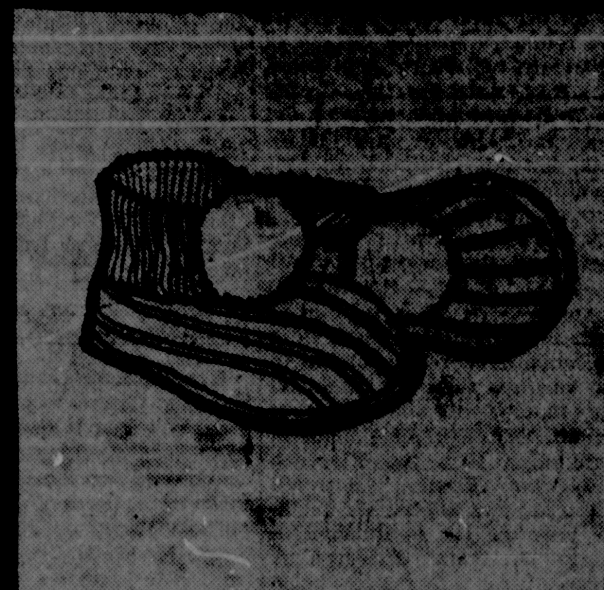

The most expensive VW Station Wagon costs \$2,655.00* It comes in red and white or grey and white or green and white.

And you won't ever have to go around painting sedans on it to show how small it is. Just park.

Just Between Us —

—By Bobby Westbrook

Even if I wanted to I couldn't imitate the cardinal who has maintained winter quarters in my shrubbery. "Good cheer! Good cheer!" he keeps declaring in ringing tones. What with the husky baritone everybody seems to be developing along with the colds that hang on, I'd sound more like the crows who also have moved in.

But the news today really is something to cheer about. Such a wonderful thing to happen to Vernetta Decker — having a college hall named for her. I'll bet her sister, Martha Decker, is bursting at the seams with pride.

I know exactly how she feels because I felt the same warm glow of pride when the Business and Professional Woman's Club nominated Dr. Price for their woman of the year, although, at the moment, with A. M. in the hospital, and the flu finally catching up with Dr. Nina she must feel more like Methuselah.

Have you ever tried to doctor a doctor? Well, don't! They're the world's worst patients. However, my crude imitation of Florence Nightingale has led to some interesting results.

"While the cat's away, the mice will play" is an adage that is true but doesn't go nearly far enough in describing what happens when I'm away from the family home-stead for several days. Wild things must sense solitude because I never saw so many varied and unidentified tracks in the new fallen snow.

Deer—cats—English pheasant junkies, those I know. But what makes a track with tiny little feet and with a thin line between them? It's something I've never seen before. A mouse? No, the suggestion from the common-sense man at the hospital where the Methodist and Presbyterian ministers are holding forth.

Incidentally, the hospital certainly has good cause for cutting the visitors down to immediate families. If the new wing were finished they could probably fill it up with all the patients in the hall where it must be sort of like going to bed in a store window.

I've suggested installing hospital beds in the Record office with a nurse to make the rounds with medicine every hour on the hour for the growing ranks of the ailing, but maybe with only 40 days until Easter, we'll all weather it out.

January Birthdays To Be Honored At County Home

The birthday party honoring residents at the Monroe County Home whose birthdays fall in January will be held Thursday afternoon. To be honored are Tessa Heller, Emily Vroom, Grace Heiny, Clarence Jones, Charles Green, James Killether, Albert Miller.

The party is being sponsored by the Knitwits Club of Stroudsburg.

The Baby's Named!

THE DAILY RECORD congratulates the parents and introduces to its readers the following new babies:

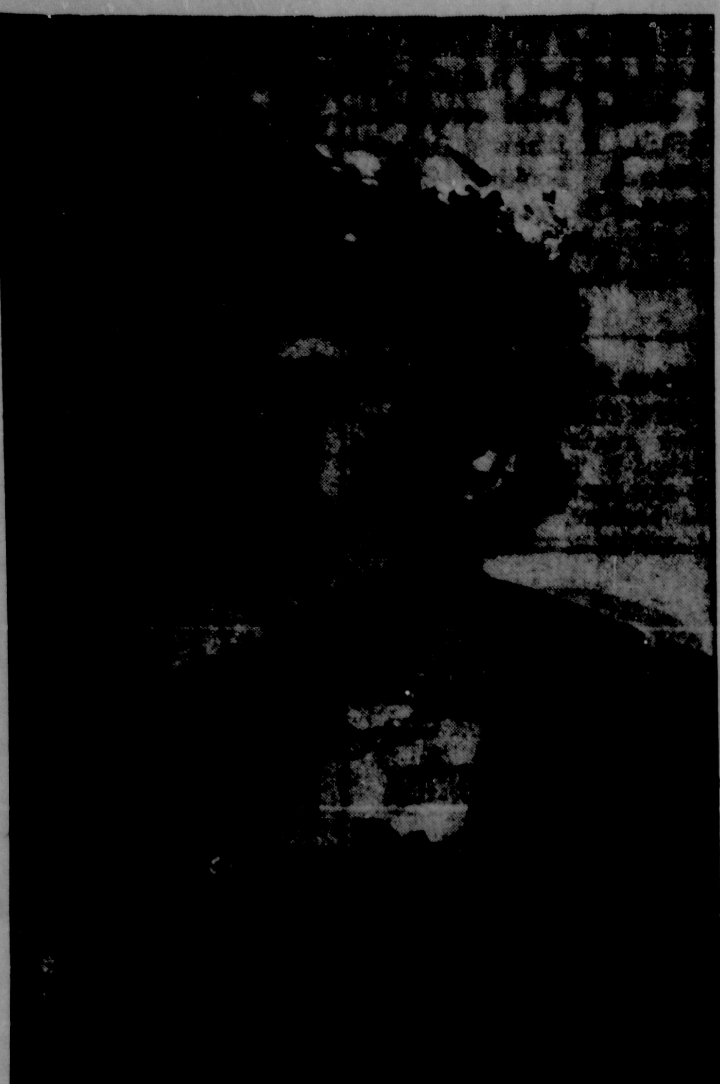

Michael Lawrence Fisher
Mr. and Mrs. John H. Fisher, East Stroudsburg RD 2 announce the birth of their second son, Michael Lawrence, on Feb. 20 at the General Hospital. He weighed 5 pounds 13 ounces. His brother, John Charles is 11 years old.

Donald Ervin Neith Jr.
Mr. and Mrs. Donald E. Neith of Cresco, RD 1, announce the birth of a son, Donald Ervin Neith Jr. on Feb. 21 at the General Hospital. He weighed 7 pounds 1 ounce.

They have two older sons, William, 14 and Jack, 10.

Shauna Lyna Michi
Mr. and Mrs. Robert Lee Hicks, 97 Third St., Stroudsburg announce the birth of a daughter on Feb. 20 at the General Hospital. She weighed 6 pounds 14 ounces and has been named Shauna Lyna. Her sister, Robyn Renee, is 15 months old.

Her mother is the former Shirley L. Calhoun, daughter of Mrs. Ethel L. Calhoun of Jack-

Dr. Nina Mae Price

Dr. Nina Price Nominated As Pa. Fed. Woman Of Year

By MADALYN MALONEY

Thirty-five years' active membership in the Stroudsburg Business and Professional Women's Club — including one highly successful term as President — and more than a half century of devoted service to her county as an honored member of the medical profession, have won Nina M. Price, M.D., 296 Washington St., East Stroudsburg, a nomination as "The Pennsylvania Federation Woman of the Year."

This is the most recent of many honors to be conferred upon the petite, white haired octogenarian who was termed "a blessing to her community and her state" during her nationally publicized surprise testimonial dinner of six years ago, when she had completed a half century as a physician, at that time, her face, with its flashing blue eyes and frame of soft white curls, appeared in newspapers from coast to coast. It was topped by one of the pert flowered hats that have become Dr. Price's trademark, both on the street and in her office.

She explains those hats by saying that, when she began her medical studies in the early 1900s, there was such a strong feeling against women in the profession, many girls, who wished to become doctors, tried to look mannish by wearing tailored, masculine-type suits. "I hated to see it, and decided I never would try to look like anything but a woman — that I'd make people respect me for my knowledge and ability, despite my sex." Determination being one of Dr. Price's many outstanding qualities, she did just that!

The eighth of nine children born to Marcus Aurelius Case and his wife, the former Harriet Helms, Nina arrived November 30, 1882, at Ithaca, Mich. Her mother had been a school teacher, and Nina was tutored at home for a number of years before entering Williamsport Public School, from which she was graduated at 13.

by George

sonville, Fla. Paternal grandparents are Mr. and Mrs. Daniel Hicks of Foreston, S. C.

Shirley Lee Trone
Mr. and Mrs. Arlington Trone of Mount Bethel announce the birth of their first child, a daughter, on Feb. 20 at the General Hospital. She weighed 7 pounds 10 ounces and has been named Shirley Lee.

Rickey Dean Hartung
Mr. and Mrs. Harry Hartung Jr. announce the birth of a son, Rickey Dean on Feb. 21 at the General Hospital. He weighed 7 pounds 6 ounces and has been named Rickey Dean.

There are four sons by a former marriage: Gregory, 5; Brian, 4; Jeffrey, 3 and William, 16 months.

Miss Dorothy Lisette
Mrs. Hartung is the former Jane Walters, daughter of Myrtle Walters of Portland. Paternal grandparents are Mr. and Mrs. Harry Hartung Sr. of Phillipsburg, N. J.

Birthday Thursday

Miss Dorothy Lisette of 114 Broad St., Stroudsburg, will celebrate her birthday on Thursday.

Visiting Nurses Caseload Increases By 104 For Jan.

The case load of the Visiting Nurse Assn. of Monroe County continues to increase over last year's totals it was reported at the meeting held Monday night in the VNA headquarters on Brown St., East Stroudsburg.

In January the nurses made a total of 285 visits, including those on ten new patients. Total mileage was 1,249 miles. In January of 1962 the total number of visits was 181 and the mileage 881.

At the meeting committees were named for the coming year.

Mrs. T. I. Metzgar is chairman of the nursing committee which includes Mrs. William Kenawell, Mrs. Edward Steinhauser, Mrs. Russell Harmon and Mrs. George Huguenin. Mrs. Arlington Williams is chairman of the publicity committee which also includes Robert Widmer and Mrs. John R. Wellington.

Heading the finance committee is Robert Davenport with Mrs. George Stabenow, Edward Hoffman and William Howard, treasurer, serving with him.

Present for the meeting were: Mrs. Clifford Hausner, Mrs. Edward Steinhauser, Mrs. George L. Huguenin, Mrs. John R. Wellington, Mrs. George Stabenow, Mrs. Reeve Price, Mrs. Frank Wagner, Mrs. Harry T. Pullen, Mrs. T. I. Metzgar, Mrs. Charles Mott, Mrs. William Kenawell, Mrs. Charles Park, Mrs. Russell Harmon, Edward Hoffman, Rev. Norman Savage and Lorraine Krakowsky.

Parents Turn To Study Of Reorganization

Parents of the Elementary Curriculum Study Committee of the Stroud Union School district will turn to a study of the School District Reorganization plan at their meeting on Thursday at 9:30 a.m. in the Arlington Heights building.

Earl F. Groner, superintendent of Stroud Union School District, will be the speaker. He has made a detailed study of the proposed changes and worked closely with the Department of Public Instruction in Harrisburg.

Although at the present the reorganization measure is the center of much debate and controversy, the basic plan for school district reorganization remains unchanged.

Groner will discuss what is currently being done by Governor Scranton and the legislature, and will answer questions.

Members of the study group are invited to bring friends to the meeting.

Plan Rummage Sale

Ever-Welcome Class of Christ Hamilton Church will hold a rummage sale March 21 and 22 at 505 Main St., Stroudsburg. Articles to be donated for the sale may be taken to the home of Janet Haney, Mildred Haney or Mildred Hahn before March 20.

Attend Funeral

Mrs. Edward Oyer, Mr. and Mrs. Gerald Rice and Mrs. Robert Dahman spent Thursday in Allentown where they attended the funeral of Mrs. Oyer's brother, Edwin E. Shaefer, formerly of Portland.

she is a devoted family woman. One who certainly "takes time for all things," she has served as president of both the Soroptimist Club, of which she is a charter member, and the Child Health Committee, of which she is a motivating force. She is a charter member of the League of Women Voters; a member of the advisory board of the BPW. Insured Laurel Manor, Home or the Aging; is affiliated with the American Medical Association, and the General Hospital Auxiliary. In 1952, she was honored by the Exchange Club of East Stroudsburg at a testimonial dinner, during which she received the 4th annual Golden Deeds award for her humanitarian services.

Her highest thrill of 1962 was to see her daughter, Bobby Westbrook, social editor of the Stroudsburg Daily Record, receive the International Journalism award, Rusticelli de Pisa. This award is presented by the city of Pisa and the Department of Tourism, Italy, for an outstanding article concerning that nation.

Yes, Dr. Price is one woman who lived up to the ideals of the Collect—and perhaps her outstanding virtue is that she has attained the Federated ideal of growing ever more "calm, serene and gentle" with the passing years.

Mrs. Oliver To Speak To Soroptimists

The Soroptimist Club of Monroe County will hold a dinner meeting at the Penn-Stroud Hotel on Thursday, Feb. 28 at 6:30 p.m.

Mrs. Dorothy Oliver, executive director of the Eastern Pennsylvania Heart Assn. will give a short resume on the structure of the association and will conduct a question and answer period.

Fellowship Discusses Teen Problems

Newfoundland — "Problems of Teenagers" was the theme of the meeting this week of the Green-town-Newfoundland — South Sterling Youth Fellowship at the South Sterling Methodist Church.

The Rev. Larry Lindemuth and the Rev. James Jeffers led the discussion, which showed the answers to various problems as shown in the Bible.

The group had 30 members attending the ice-skating party Saturday night at Pocono Ice-A-Rama at Anasimink.

The next activity of the YF will be the showing of a feature film, "The Mark of the Hawk," starring Sidney Poitier and Eartha Kitt, at the Newfoundland Moravian Church on March 3. The public is invited.

Calendar

Wednesday, February 27

Degree team, Ladies Independent Order of Reindeer, home of Mrs. Romayne LeBar, 181 King St., East Stroudsburg.

Monroe County Women's Club, Loeb Rhodes Office, 8 p.m.

DeMolay Mothers, Stroudsburg Masonic Building, 8 p.m.

Woman's Guild, Zion United Church of Christ, 7 p.m.

Thursday, February 28

Miss Vernetta F. Decker

College Honors Educator In Naming Decker Hall

When a college names one of its new buildings in honor of a benefactor, it is usually a former college president, long dead, or a wealthy patron who has contributed considerable money for the erection of the building.

Mrs. Vernetta F. Decker of Stroudsburg is very much alive and active in affairs of her native community, but New Jersey State College at Trenton has announced that its new residence and dining unit will be named Vernetta F. Decker Hall.

The building, the largest of the campus dormitories, is being erected at a cost of \$1,700,000 and the honor accorded Miss Decker is in recognition of "her contribution to the life of the College".

Miss Decker, who was born and raised in Stroudsburg, is the daughter of the late postmaster, John Decker and Mrs. Decker. She was graduated from Stroudsburg High School and East Stroudsburg State Teachers College. She taught five years in Stroudsburg.

Completing her work at Teachers College, Columbia University, she received both her bachelors and masters degrees in speech education.

In 1926, Miss Decker went to Trenton College as an instructor in speech and rose to the rank of associate professor in this field. In 1936, she became director of the Student Personnel Department serving in that capacity until her retirement in 1957.

Returning to her native Stroudsburg, Miss Decker serves on the board of the Monroe County Assn.

of Crippled Children and Adults, and one of the board of the League of Women Voters of the Stroudsburg. She is a member of the local branch of the American Assn. of University Women, of the Pennsylvania Assn. of Retarded Children, of the Women's Democratic Club, the Methodist Church, and retains her membership in the New Jersey Education Assn.

Brodhead Rebekahs

Rachel Brodhead Rebekah Lodge will meet Thursday night at 7:30 at the Fort Penn Lodge Hall.

For Sunday breakfast serve a "different" fruit combination fresh orange sections (and their juice) garnished with drained canned figs.

Police Reserve Aux.

Police Reserves Aux. will meet Thursday night at 7:30 at the home of Mrs. Stewart Lee, 243 Willow St., Stroudsburg.

Court Protects Minors, DA Tells Smithfield PTA

Any information about "delinquent minors" that gets publicity does not come from the court records, which are most jealously guarded and cannot be seen without a court order, said James Marsh, District Attorney of Monroe County, speaking before the Smithfield Parent Teachers Assn. Monday night.

Music Parents Preparing For Three Concerts

At a well-attended meeting of the Music Parents of Stroud Union High School, in the music room, dates for three coming concerts were announced: Chorus Concert, Saturday, March 30; Band Concert, Saturday, May 3; and Navy Band Concert Monday, May 20.

Committees for the Navy Band concert are now being formed. Any music parent interested in helping with the benefit is asked to call the general chairman, Mr. and Mrs. William Wyckoff 421-5882.

Final plans for the concert will be made at the meeting to be held in the form of a covered dish supper on March 25. Mrs. John Baylor is chairman of the supper committee.

Wooddale WSCS Plans Coming Events

Wooddale — The Women's Society of Christian Service of the Wooddale Church planned for coming benefits at the meeting held at the home of Mrs. Grace Tranus. Devotions were in charge of Mrs. Marie Schaller.

A rummage sale on March 8 and 9 in the store next to the Grand Theatre leads off their projects. Dates were also set for a strawberry social on June 15; the Wooddale picnic and baked ham supper on July 20 and the chicken supper on Aug. 24.

Articles for the Ingathering will be brought to the March 20 meeting to be held at the home of Mrs. Roberta Epley. At this meeting, members will also bring in the World Banks.

Refreshments were served by Mrs. Tranus and Mrs. Schaller to the following: Mrs. Ethel Lesone, Mrs. Betty Van Vleet, Mrs. Dorothy Davis, Mrs. Dolores Adams, Mrs. Ethel Miller, Mrs. Leah Heeter, Mrs. Roberta Epley, Mrs. Myrtle Halterman, Mrs. Hazel Decker, Mrs. Arlene Mosher and Mrs. Laura Repsher.

Good Ideas On Music Keynoted Career; But 1 Out Of 100 Good Batting Average

By Roberta Fleming Mosch
Ben Deutchman, an educational research director for a major recording company and a nationally known lecturer on

music education, is a man who's had ideas for his career and is a firm believer that you should have ideas for yours, too. Even since Deutchman be-

gan his own career in music, his main idea has been to correlate music with everyday life.

Crowning Glory

Now, happily for him and for people who like good recorded music, one of his ideas recently sprang to life in what he calls the crowning glory of his career—a series of records called "The Chronicle of Music."

The series is a new development of the Decca Records Educational Research Division, under the editorship of Deutchman. It's also the beginning of an ambitious program of presenting the history of music in eight distinct periods from the Middle Ages through the 20th Century.

Old Idea

"I got the idea for this years ago," Deutchman told me. "In fact, 'The Chronicle of Music' was growing in my mind for 15 years before the right opportunity and timing gave it a chance."

"That's the way it is with ideas, though," he continued. "You have to believe in your good ones, even when they have a hundred if-it-ifs and aren't useful at the time you present them. Actually, all through my career I've considered it a good batting average if when I presented 100 ideas, one took hold."

Different Jobs

Deutchman began his career as a public school music teacher. After World War II he worked as a disc jockey and as a buyer in the record section of a department store. Then he started his career in the recording business.

"That came about because, while I was a buyer, I heard from a salesman for a record company that his firm had gone into classical music," Deutchman revealed.

This so appealed to him that he got the idea of ordering 50 records and giving a concert with them. At the time people thought he was crazy and said no one would buy the records. Deutchman sold all 50 immediately, though, and two months later he moved up in the world by taking a job with the record company.

Music And Education

In this job—where he first got the idea for "The Chronicle of Music"—he began working with schools and correlating music with education.

Later, as he worked more and more with music education and recording, he moved up to different posts in various recording companies and ultimately switched to his present job where his idea for "The Chronicle of Music" was presented and given life by Deutchman and his skilled research staff.

Believe In Ideas

"Tell your readers, regardless of their careers," he finished, "to believe in and present their ideas when they have good ones. An idea is the spark that ignites the gasoline of progress."

(If you'd like to receive a list of publications on "Music As A Career" send me your request and a stamped, self-addressed envelope in care of this newspaper.)

Home Decor Is Personal; Base It On 'The Real You'

New York, N. Y. (CFN) There are four basics to keep in mind when you decorate or redecorate. Take it from a man who knows, Leslie N. Aikman.

Aikman, executive vice-president of the Imperial '400' Motels, rules on design and color ideas that must stay fresh in climates from California to Maine and that are comfortable to the Near Easterner as well as to the Far Westerner.

"The most important thing about your home," says Aikman, "is its mood. Easy-cleaning or the staying power of pale green and pale blue are all very well, but the tone you set is what will make you happy to be there."

His first basic is to spell out for yourself the kind of person you are, and then to decorate accordingly. "People may think of you as Plain Jane while you know that you actually are something of a sophisticate... well, then show it in the way you decorate."

Aikman points out that you don't have to buy a set of French Modern or empty the antique shops in order to redecorate. Motels modernize every few years by changing a room's accessories, fabrics, mirrors, carpeting and paintings. "You can use the same principle to express the changes in your personality as you mature."

Aikman's second basic principle is to work, where it is feasible, towards an oval shape in placement of furniture in living and family rooms. "The oval," he explains, "draws people together, has cohesiveness, symmetry and comfort. Decorate wall space with that idea in mind, and then use your furniture to complete the illusion."

His third rule is intended to bolster the inexperienced, but

can encourage the veteran homemaker as well. Don't be afraid of color. A colorful room will be well remembered as a warm room. "Muted tones may seem safer," says Aikman, "but our hundreds of experiments with Imperial '400' motel units have shown that color adds life and warmth."

Rule four: Decorate so that it encourages you to do things you like or should do.

Do you wish you kept up with your reading? Then place a good floor lamp behind your favorite chair and add a footstool.

Aikman's decorating philosophy has contributed to making Imperial '400' the nation's fourth largest motel chain.

He feels that to decorate successfully is to take more into consideration than just what color the carpets should be and where the couch should go. Your home should be "the real you."

WSCS Names Nominators

A nominating committee was appointed at the meeting of the Women's Society of Christian Service of the East Stroudsburg Methodist Church at their January meeting. Mrs. Franklin Tolman, president, named Mrs. John Brown, chairman; Mrs. Newton Taylor Jr., and Mrs. John Kunkle to serve.

At the business meeting plans were made for a Spring rummage sale. Mrs. Olga Hauser spoke on the United Church Women.

The program featured a film "Rim of Asia" with Mrs. Mima Warrick speaking briefly.

Circles four and five served as hostesses during the social hour.

Unglamorized Undershirts Lend Fabric To Smart Wear

By JEAN SPRAIN WILSON
AP Fashion Writer

New York (AP) — Men's underwear have never been a fashion inspiration to the ladies. Neither have babies' rompers.

The garments per se are still not, but the fabrics from which some of these are made will be cropping up everywhere in the summer wardrobes of women who are smart, chic and lazy.

The material is composed of a durable fiber, a two-ply double knit cotton which is lustrous and silky without being suggy.

For years men's T-type undershirts of such material have been stuffed into duffle bags or tossed into laundry tubs without being the worse for the wear. And mothers, lacking time to pamper infants' play clothes, have been equally careless without ill effects.

Why, then, decided designer James Kennebrough the blessed easy care with womanhood?

He, as well as other sportswear designers, utilized the yarn for Chanel type suits and dresses, or classic sweater and skirt combinations. Every now and then Kennebrough let the knitting machines run away with the sweaters until they grew to the hemlines into waistless shifts.

Sports clothes — shorts for the beach and long pants for every-

where — were also shaped out of the same type of material.

Because the yarn gives with body movement, knits are a natural for sportswear. In fact, this give or take quality which makes knit dresses and sweater costumes so comfortable and perfectly fitted is what brought about knit popularity within the past decade.

From an upbeat and climatic point of view, cotton knits would seem to be more practical than anything. Yet, until very recently certain kinds of these have been as tricky to wash as cotton candy.

A size 15 one fine laundry day could easily be a size 3 the next. The not new but newly stylish type of fiber doesn't work itself into that kind of deception at all. Material made of it remembers its size and stays that way.

Like all its fiber knit cousins, these cotton knit garments of durable unadorned relinquishes previous closet space, remaining as happy and wrinkleproof in a drawer, or a suitcase as on hangers.

Mona Lisa Moves In On Madison, Seventh Avenues

By JOY MILLER
AP Women's Editor

New York (AP) — If the celebrated smile of Mona Lisa is beginning to look more smug than enigmatic, it may be because of the flattering attention she's getting on her first visit to the United States.

Record crowds rush to glimpse her in New York's Metropolitan Museum of Art here. Secret service men accompany her everywhere, just as if she were Jacqueline Kennedy.

From behind bullet-proof glass—an extra protection for her ever since a South American flung a rock at her in the Louvre two years ago, slightly injuring her left elbow—she gazes benignly upon her admirers and well-wishers.

The Drumbeaters
Cartoonists, art supply stores and hairdressers are making hay out of the fair Florentine's U. S. fling. But how are those barometers of popularity, New York's Madison Avenue, spiritual home of ad men, and Seventh Avenue, the fashion designers' domain, receiving the lady?

A few TV commercials are acknowledging her presence, such as one showing the Lady Lisa pouring lotion over her plump little hands. She's smiling no doubt about how much nicer it is than the lamb fat she had at home. On billboards she smiles (?) at a can of tomato paste.

Mona Lisa perfume is already being sold in drugstores, but where are the lipsticks called "Mona Lisa Mouse," "Florentine Femme Fatale," "Gloria Geronium" or "Da Vinci Devilish"?

Eyes Have It

So far eye makeup people have missed the bandwagon. The lady's almost invisible eyebrows, nonexistent eyelashes and pouches would make her a natural for "Before" in a before-and-after Leonardo had only heard of the Lash-Lovely line, or some such, what a glamor girl he could have painted. More like Sophia Loren maybe.

But if Madison Avenue is at least nodding politely, fashion designers are turning a cold shoulder to the lethargic wife of Francesco di Zanobi di Giocondo.

Most designers who well over themselves draping chiffon to evoke the essence of the inexorably exotic, erotic Cleopatra for last fall's collections sniff at Mona Lisa.

Sampling of reaction in a quick poll: "Who?" "Never!" "That cow?"

Cell Chapman, though, says

"LOBSTER at the BEAVER HOUSE
Businessmen's Luncheon
Specials Everyday
BROILED HALF CHICKEN
LOBSTER
French Fries
Pickled Cabbage 1.50

her summer collection shows "a change from the towering bouffant, but not every woman has the necessary classic features. So far, only the beautiful and the bold have dared say 'Make mine Mona.'"

Among girls on buses and subways a few Gioconda smiles have been noted. Further hopeful investigation has discovered that they aren't emulating art, just being brave about trampled toes.

But the Mona Lisa loan was announced only a few weeks before arrival, long after spring fashion collections—ready last fall—had been shown to buyers. Alert Kitty Campbell, director of the New York Couture Group, showed a picture of the Mona Lisa at an orientation session for about 225 fashion editors who were in New York in early January to view spring styles. She predicted an influence.

Understandably, none emerged. But Miss Campbell recalls now that she detected one.

"The spring lines that are not sheaths," she says, "have almost the same inscrutability as the smile—so subtly taken in and shaped that the dress follows the body as a lissome shadow. It's a game try."

The shirt company that came out with Beethoven sweatshirts last spring, and is therefore an acknowledged purveyor of culture, candidly laments that inspiration didn't strike soon enough. "Now by the time we could get out a Mona Lisa sweatshirt, she'd be back in France and who'd buy it?" says a spokesman.

Nevertheless, another sportswear company did oil its design machinery into high gear in time to produce some boat-necked T-shirts with the smiling lady on the chests. Mona Lisa, printed on silk scarves, is also being wrapped by teen-agers around their curlier hardware.

Faster than fashion in clothes, hairdos can be whipped up overnight.

Michael Kazan's madonna-parted coiffure is the most widely publicized. Another top New York hair stylist, John Garrison, says his creation avoids that drippy, after-the-plunge look of the original by ending at the neckline and turning under in more controlled fashion, looking "deliciously soft."

These coils may be a welcome

Fifth Grade Love Letter Recalls Salad Kids Love

By Linda Pipher
Daily Record Home Economist

Have you ever had a whole day planned and then something sets you off on another tangent? This happens to me when I decide to sort through drawers. I start out with good intentions, but I find old photographs or souvenirs and my mind wanders off my cleaning and I have to take the time looking through scrapbooks and albums.

Last week in cleaning out a desk, I came across a letter I had written in the fifth grade (I'm a "saver"). "Dear Andrew, I am

sorry but I am not playing anymore after school until a long time. I will let you have my picture and if you want your pen, stamp, drawing, and magnet, please tell me. I will give your magnet to you. Well, I am closing, Linda Peters."

It must have been an important magnet, for I mentioned it twice! How I got the letter back, I don't know, but I had to laugh when I read it. Just a few days later when I answered the phone and a voice told me she had read in my column that I don't receive sentimental Valentines anymore but she remembered the day when her son had sent me some very big ones, I knew right away it was Andrew's mother, Mrs. Dippre! We laughed over the old letter and she remembered how Sherwood Butz used to be the postmaster between their house and ours!

Mrs. Dippre also reminded me about a salad that she used to take years ago to covered dish suppers. It was one my mother liked and she must have prepared, though I had forgotten about it. When she told me the ingredients, I happened to have had them on hand, so fixed it that night. Try it; the crushed peanuts give it a different taste and is sure to please the children.

Mrs. Dippre's Cabbage Salad
Shred cabbage into a bowl and sprinkle with salt. Cut marshmallows into quarters (or use miniature) over cabbage and sprinkle them with sugar. Cover with crushed peanuts. Mix with mayonnaise thinned with milk. (Do not make too far ahead or cabbage will get soggy).

Another salad that is nice for covered dish suppers is this one made with canned beets:

Beet Salad Ring
1 can (8 oz.) julienne or diced beets

1 package lemon gelatin
1 cup hot water
2 tablespoons vinegar

1/2 teaspoon grated onion
One-third cup minced dill pickles

Drain beets. Add water to juice to make 1 cup liquid. Dissolve gelatin in hot water. Add beet

liquid, vinegar, and onion. Chill until slightly thickened. Fold in beets and pickles. Chill until firm in ring mold or 6 individual molds. Nice filled with potato or egg salad if ring mold is used.

There's something about puddings that makes them taste better this time of year than any other time. They are good not only for the family but make easy desserts for entertaining on a Saturday night or for a club meeting. Pictured above is a date nut pudding that will surely make a hit if you serve it.

Date Nut Pudding
1/2 cup shortening
1 teaspoon butter
1 cup packed brown sugar
2 1/2 cups water
2 teaspoons lemon juice, optional
1/2 cup granulated sugar
1 1/2 cups sifted flour
2 teaspoons baking powder
1 teaspoon ground cinnamon
1/2 cup milk
1/2 cup raisins
1/2 cup cut-up dates
1/2 cup chopped nuts
Whipped cream or ice cream

Place butter, brown sugar, and water in an 8x8x2 inch baking pan. Place over heat on top of the range. Bring mixture to a boil, stirring occasionally. Boil 5 minutes. Remove from heat. Stir in lemon juice, if desired. Sift together into a mixing bowl the granulated sugar, flour, baking powder, and cinnamon. Cut in shortening, using a pastry blender or fork until the mixture is the consistency of corn meal. Pour in milk and mix well. Blend in raisins, dates, and nuts. Drop batter by tablespoonsfuls evenly into the hot syrup. Bake in a slow oven (325) 50 to 55 minutes or until browned. Let stand 1/2 hour and serve warm. Or serve cold topped with whipped cream or ice cream. Another favorite is apple cake. This, too, can be served warm or cold, though I prefer just barely warm. The recipe comes from Edith Brauer of Bushkill.

Edith's Fresh Apple Cake
1 cup sugar
1/2 cup shortening
dash salt
1 egg
1 cup all purpose flour
1/2 teaspoon cinnamon
1/2 teaspoon baking powder
1/2 teaspoon baking soda
3 apples, peeled and diced fine

Sift flour with cinnamon, baking powder, and baking soda into a bowl. Add remaining ingredients and mix well with electric mixer. Pour into a 9 inch greased square pan and bake for 40-45 minutes in 350 oven. Sprinkle with powdered sugar if serving cold. If served warm, top with whipped cream, custard or lemon sauce.

Dotter-Treible

Gary W. Dotter, Stroudsburg, RD 5, and Margaret Elizabeth Treible, East Stroudsburg, applied for a marriage license yesterday from N. Henry Fenner, Monroe County clerk of orphan's court.

SportScope

by KEN O'BRIEN
Daily Record Sports Editor

MAIL CALL: A "bewildered" reader forwards the first of two letters sent yesterday to the sports desk. It echoes the sentiments of not only this corner but also of all the basketball followers in the Bangor area.

"On Feb. 22, 1963, at Bethlehem, Wilson (10-0) played Parkland (9-1) for the Lehigh-Northampton League basketball championship. After the game, the league officials decided, by a 6-4 vote, that Fountain Hill would represent — and I quote — "on the basis of a better record," the league in the Class B playoffs.

"How can a group of so-called educated people arrive at such a decision? First of all, the league has a northern and southern division, and each title is settled by the best record against, not the same teams, but against the teams within their respective divisions.

Now, let us start from scratch. If Wilson had a 10-0 record, and Parkland had a 9-1 record, why, according to the league officials, and I quote their words, "because of the best record," did Wilson have to play Parkland? Certainly, their record was better, and that is how the league officials decided second place.

"You cannot decide who has the right to represent the league by a vote. It must be decided on the court.

"There should have been a playoff between Bangor and Fountain Hill.

"I am sure that we, the fans of Bangor, wish Wilson and Fountain Hill the best of luck in the playoffs.

"After waiting for 25 years, and then, not getting the chance to even battle for a spot in the playoffs, all I have to say to those officials who voted against the playoffs is — and I quote Chester A. Reilly — "What a revolting development this is."

Signed,

Charles J. Davis

137 Messenger St.

Bangor, Pa.

Dear Mr. Sports Editor,

"Recently I returned from a trip to Florida. I attended Dick Hower's baseball school at West Palm Beach, Fla. I played from Jan. 4 to Jan. 31. There were boys from all over the United States and one boy from Canada. Also, there were two boys who had been signed to professional contracts and are back trying to be signed again.

"Brad Cliff was a \$25,000 bonus player with the Boston Red Sox and Chuck Klemchok a \$5,000 bonus player with the Chicago Cubs. Chuck is a brother of Lou Klemchok now with the Washington Senators and formerly with the Kansas City Athletics.

"We had a regular schedule just like the major leagues have for spring training. Our day would start at 8 a.m. for breakfast. We would then have a chalk talk from 8:45 a.m. to 9:30 a.m. We reported on the field at 10 a.m. We played from 10 a.m. to 4 p.m. every day with a half hour off for lunch. After 4 o'clock we were back at our rooms and ready for a good meal.

"While on the field we had hitting and fielding practice. I would get a ground ball hit to me at shortstop between every pitch thrown. At first I thought we would never get finished — we had about 50 boys in camp.

"After hitting and fielding we went through game situations. With an infield and outfield in position, Dick Hower would hit fungos. Those who were out in the first unit would run bases. This is the part of the game which really amazed me. I found out how many games are won or lost by one run. We usually had an hour or more of this every day. After this, we usually had our lunch. This part was great because they brought the lunch and had it ready for us.

"After lunch, we usually had an intra-squad game at Dwyer Park. By the way, the Milwaukee Braves will be using this park for some of their training this spring.

"Usually, in the afternoon, we had hitting instructions, fielding, basing, running the bases. If I didn't learn anything else, I learned the words run and hustle. You never walked, you run or you hustle down that line.

"After we had our afternoon on the field, we cleaned up and got on street clothes. Then we were not through for the day, yet. After we were on our main meal, we had chalk talks from 7-8 p.m. After this we were finished and ready to bed.

"Although we had to be in by 11 every night — I mean in bed because we had a bed check every night! — sometimes some of the boys would go to the movies, dog races, jai-alai, or just out for a smoke or beer, and then call it a day.

"While there at camp I met Bob Shaw of the Milwaukee Braves. Bob is a very fine athlete. He came down a month early to start his training and he is a great reliever in hard work-outs. Although Bob wasn't with the school, if we had a problem about something he would give his right arm to go out of his way to help us. He was also helping Bob Solomon, a rookie out of high school with Milwaukee, who is to report to Denver, a Triple-A club.

"Also, I met Haywood Sullivan, the Kansas City catcher; Zack Taylor, a scout with Milwaukee; Spud Chandler, former great Yankee pitcher and now a scout with the Cleveland Indians; Lou Hamilton, a Dodger scout; Ken Johnson, a pitcher with the Houston Colts; Camilo Pasquale of the Cleveland Indians, and Dick Hower, our infield and general instructor of our camp.

"I happened to make the traveling team for our school. One Sunday we played at the Orange Bowl in Miami. Pasquale started and our team scored four runs the first inning. He was a little riled and then was angry. I was never so scared in all my life. He throws side-armed and his curve comes the same way.

"Anyhow, in the third inning, Pasquale received a line shot back at him that hit him around the belt. He was dazed, but continued.

"Then he led off with a triple and when he arrived at third base he collapsed. Everyone was concerned, but I guess he is better by now. Also in the game was Tony Taylor of the Phillies; Pedro Ramos of the Minnesota Twins, and a few minor league ball-players who were down early getting in shape.

"My biggest thrill of camp was getting two hits in four trips to the plate in an intra-squad game off Bob Shaw. He told us before we started there is only one way to see if a player could hit and he threw hard — in fact, harder than anyone else I have seen.

Signed,

Larry Clausen,

East Stroudsburg, RD 2

(Ed. Note — Clausen plays shortstop for the Stroudsburg A's of the Pocono Mountain Baseball League).

Cause Is Uncertain

Liston-Patterson Fight Postponed

By BEN FUNK

MIAMI BEACH, Fla. (AP)—The Sammy Liston-Fred Patterson fight was postponed Tuesday until April 10, but a question remained whether the cause was the champion's injured knee or the feud between his advisor and the promoters.

Jack Liston, Liston's advisor, demanded that the rematch, first scheduled for April 4 at the Miami Beach Convention Hall, be set back one week to April 11.

At Bolan, vice president and general manager of the promoting firm, Championship Sports, Inc., agreed to the postponement but set April 10 as the new date. Liston will be out of training for about a week, Liston said, because of a painful knee, which he twisted last Thursday when a photographer asked him to swing

a golf club for a posed picture. "We can't afford to lose two days," Liston insisted. Bolan said the postponement may have been asked because of Liston's grudge against Championship Sports.

The champion's advisor has been outspoken in his dislike for the promoters ever since the first fight, when Liston won the heavyweight title by knocking out Patterson in the first round last Sept. 25 at Chicago.

Liston Angered

Liston was angered because Liston had to accept 12½ per cent for the first fight. And he has been sputtering ever since because of the long time it took to collect the champion's share of the purse.

Although beaten, Patterson retained the right in the contract to name the site and promoter of the return bout.

Stags Humble Lakers

LAKE ARIEL — Southern Wayne's Stags used a big third period here last night to gain their fifth win of the season, 67-50, over the Lakers of Lake Ariel.

It was a nip-and-tuck affair throughout the first two stanzas, as Lake Ariel took an 11-10 first period lead but the Stags rallied for a two-point edge in the second session to grab a 27-26 halftime advantage.

The Stags' Joe Olsommer and Bob Duty combined their scoring talents in the third session to break the game wide open as Southern Wayne outscored the Lakers by a 25-10 spread to wrap up the triumph.

Tallies 20

Olsommer set the scoring pace for the winners with 20 points on eight field goals and four foul flips, while Duty chipped in with 14 on six fielders and two from the foul line. George Hibbs also added 11 to the Stags' cause.

Larry Heater was the Laker leader with 13 points on five fielders and three from the foul marker. Lou Santiso also broke into double figures for the losers with 12.

Lake Ariel had 25 chances from the foul line, but made good on only eight, while Southern Wayne connected for 19 of 36.

In the preliminary JV battle, Southern Wayne also gained the verdict by a 26-17 count.

Warrior '5' Travels To Rutherford

THE BASKETBALL Warriors of East Stroudsburg State College, who lost by only two points in overtime against first-place Mansfield Saturday night in a Pennsylvania State College Conference clash, travel to Rutherford, N.J., tonight for a non-conference meeting with Fairleigh Dickinson.

Coach Mort Hocheiser's hoop aggregation will be seeking its seventh victory in 19 contests in this battle. It also is their third trip to Jersey soil this season. They lost to Montclair in their first game of the campaign, and later took the measure of Trenton.

While the Warriors' John Murphy continues to lead the team in scoring, Will Pfeiffer has been bombing the nets at a torrid pace lately to narrow the gap between the two.

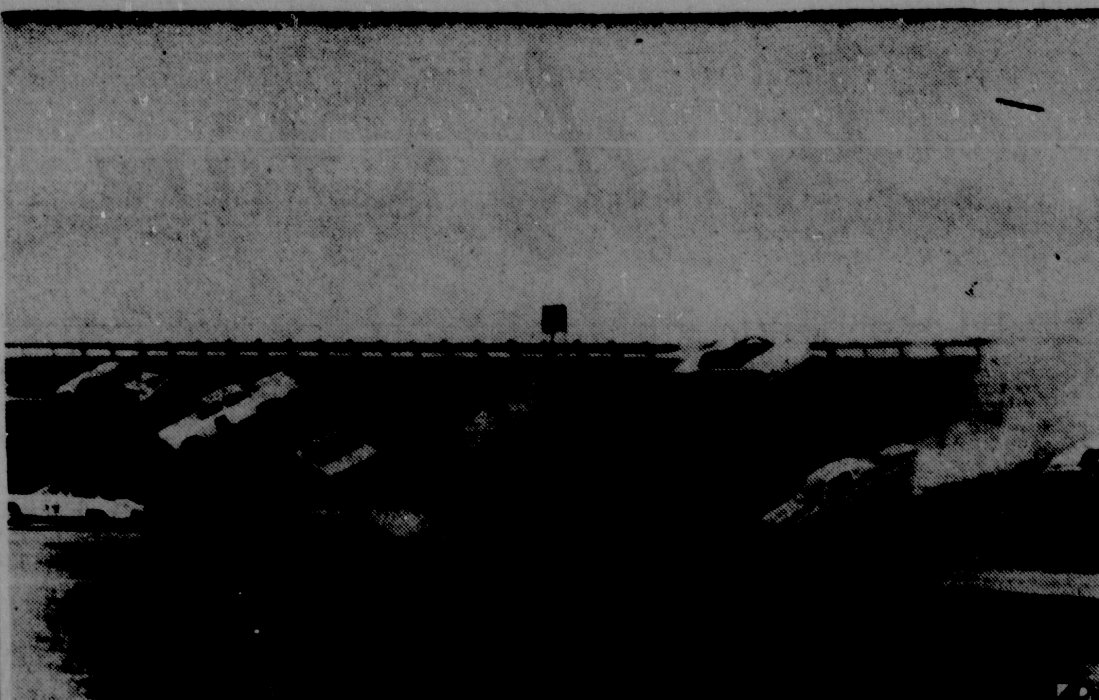

Tonight's contest is the last road trip for the Warriors. They close out their season at home Saturday night against Wilkes in another non-conference tilt.

COMEBACK OF YEAR - - - By Alan Maver

FRED CRAWFORD, OF ST. BONAVENTURE, WHO HAS BEEN WRITING THE MOST COURAGEOUS COMEBACK STORY OF THE SEASON

AUTOMOTIVE OBSTACLE COURSE—Six cars became turning, twisting obstacles during qualifying race, Feb. 23, at Daytona Beach, Fla. It all started when Rene Charland in car No. 52 lost control, sending other five dodging in an effort to evade a crash. All six drivers escaped without mishap. (AP Wirephoto)

Lary Is Key For Detroit

LAKELAND, Fla. — Detroit Manager Bob Scheffing squinted through the strong sunlight, pointed to Frank Lary on the pitching mound and said, "Our chances depend a lot on that fellow out there."

"If he can pitch like he did in 1961, we'll be all right," he predicted.

Although the 1962 season is history, it's one that Scheffing can't forget.

Injuries Hurt

"We would have won the pennant," he insisted, "if Lary and Al Kaline hadn't been hurt. The Yankees were ready to be taken. They had an off year and still won—but only because Lary was of little use to us and Kaline was out for two months.

"They are the heart of our ball club. With them, I have few worries. Without them—well, you can forget about our pennant chances."

Lary, a 23-game winner in 1961, came up with a sore shoulder and arm last season and won only two games. Kaline, one of the league's power hitters, was sidelined two months with a broken collar bone.

Kaline, who reported to camp early, reported he was "fit and ready."

No Trouble

"I don't anticipate any trouble," he said.

With Lary, it's a different situation. The right hander, who worked out during the winter, began throwing "fairly hard" as soon as he got to camp.

"Up to now, everything seems all right," Lary said, "I haven't felt any pain and I have every reason to be optimistic."

Scheffing watched Lary throw for a while.

"You just have to wait and see in a case like his," Scheffing explained. "I'm going to let him do his own training. I want him to take it easy. He knows what is best for him."

Good Chance

"I'm sure he realizes as well as I do that with him back on the team we have a good chance; without him, well as I said, forget us."

If Lary should come back, Scheffing would have two "Yankee killers" on his staff. Lary specialized in beating the Yankees — "I guess I just automatically bear down more when I pitch against them," he explains. His lifetime mark against them is 28-11 one of his two victories last year was against the Yankees.

The other Yankee killer is southpaw Hank Aguirre, who given a shot at a starting berth last year, won 16 games, three of them against the Yankees.

"If I could have the Lary of old and Aguirre ready for the Yankees for each series they should do the job for us."

Yanks Not Easy

Not that he figures the Yankees will be easy.

"Make no doubt about it, they are the team to beat," Scheffing said. "But I have a hunch they are going to miss (Bill) Skowron. And maybe they'll come up short in relief pitching."

Scheffing pointed out Skowron batted in a lot of key runs for the Yankees.

"He might strike out a couple of times, and then boom—the ball game would be over," Scheffing recalled. "He hurt us a lot and I'm not sorry he is going to be in the other league."

Chamberlain Grabs Lead In Shooting

NEW YORK (AP)—Wilt Chamberlain, despite a sub-par week, added the lead in another National Basketball Association scoring department to the two he already held according to statistics released Tuesday.

Although the Big Dipper of the San Francisco Warriors managed only 13 points against St. Louis Sunday, he grabbed the lead in field goal percentage, with a .520 shooting average.

Chamberlain, too far ahead to be caught, retained his scoring lead with 3,048 points and a 44.8 game average, with Elgin Baylor of the Los Angeles Lakers second with a 34.0 average. Oscar Robertson of Cincinnati (28.6), Walt Bellamy of Chicago (27.8) and Bob Pettit of St. Louis (28.0) followed.

Guy Rodgers of San Francisco held his assists lead with 669 for a 10.0 game average and Larry Costello of Syracuse continued to pace the foul shooters with 271 of 308 for .880.

Mountainettes Bow, 53-27, In Girls Tilt

PARKLAND—Stroud Union's Mountainettes yesterday fell victim to Parkland's girls basketball team here, 53-27, as Stroud's Jan Schiebel and June Kellogg scored all but two of their team's points.

Miss Scheibel tallied 13 for the losers while Miss Kellogg hit for 12, accounting for 25 of the squad's 27 points. Lois Meixell and Jo Ellen Stolinski each had one.

Parkland's Donna Albright garnered 14 and Jane Pake 11 while six other players also broke into the scoring column. Parkland took a 15-2 lead at the close of the first period and led all the way from there. The host club held a commanding 32-6 lead at the half.

From Boy To A Man

Carl Yastrzemski Is Bosox' Big Gun

By JOE REICHLER
Associated Press Sports Writer
SCOTTSDALE, Ariz. (AP)—Two years is a comparatively short time in baseball, but in the case of Carl Yastrzemski, those 24 months have transformed him from a boy into a man.

From a wide-eyed, frightened rookie he has grown into a full-blown major league star who understands and is willing to accept his role as the big gun of the Boston Red Sox.

No one is yet ready to compare this 23-year-old outfielder to the

great Ted Williams, the man he succeeded in left field. But there's hardly a member of the Red Sox family who doesn't think that Yastrzemski is ready to take his place alongside such American League super stars as Mickey Mantle and Al Kaline.

"Truly Great"

"I believe Carl is ready now to put together all his natural talents and become a truly great all-around star," said Mike Higgins, the team's executive vice-president who last October turned over the manager's duties to Johnny Pesky.

"He's the kind of kid who can do it all. No one has more desire. He wants to excel. He isn't satisfied to become just a good player but wants to be a great one. All he needed was experience and confidence and I believe he has acquired both."

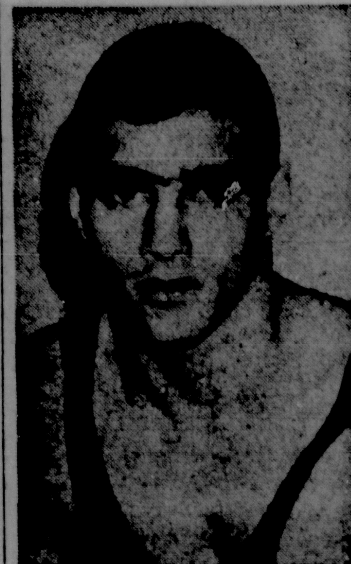

While not quite as effusive as his former boss, young Yastrzemski agrees with Higgins that this, his third season with the Red Sox, could be his best by far.

"I Am Ready"

"I hope I don't sound egotistical," said the personable young man with an engaging smile, "but I think I am ready for a big year."

"While I don't believe in making predictions, I think I am capable of competing for the batting title."

"I know that's a big order for a fellow who has yet to hit .300 in the big leagues. But I think I have matured. I am stronger. I have the experience and confidence. I'm no longer the scared kid who wondered whether I'd ever make good in the majors."

Bob Guzzo

Guzzo Shoots For 10th

ESSC Grapplers Close Out Season

COACH Clyde (Red) Witman's East Stroudsburg State College's wrestling team shoots for its seventh win of the season tonight at West Chester and the Warriors' freshman sensation, Bob Guzzo, seeks an undefeated campaign when he goes after his 10th triumph. The meet marks the finale of the 1962-63 season for the ESSC squad.

Guzzo will have his work cut out for him in this match. He is pitted against Al Sweitzer, a junior who has yet to be defeated in dual meet competition. He won the Middle Atlantic Conference championship last year.

Bob Dalling (123), who hasn't wrestled since tearing some chest cartilage Feb. 5, may be ready for this meet. Dalling has a 6-2 record to date. If he is unable to participate, George Kayal (140) has the nod in his place.

Others in tonight's lineup for the East Stroudsburg club are John Hopkins (137), Hugh Lawrence (147), Jerry Prentiss (157), Dick Bell (167), Jack Smith (177), Jim Tiernan (191), and Tom Washburn (heavyweight).

The Witman wrestlers, after a fine start when they won four and tied one in their first five

meetings, have dropped four of their last six outings. The Warriors have been hit hard by injuries and losses through ineffectiveness, mostly in the heavier weights.

This match also will serve as a tuneup for the state meet at Shippensburg Friday and Saturday. Witman plans to enter six of his wrestlers in the championships.

Commercial 'B' Bowls Tonight

THREE matches are scheduled in the Commercial "B" League tonight at Harmon's Recreation starting at 7 p.m.

Eagles "B" vs. Frank's Barber Shop on alleys 1 and 2; L & B Appliances vs. Swisher Rheingold on alleys 3 and 4; and Babe's Service Station vs. Schaefer Beer on alleys 5 and 6.

Sportsmen Set Meeting Tonight

THE Pocono Mountains Sportsmen's Association will meet tonight in Duffy's Tavern, Tobyhanna, starting at 8 p.m.

Atty. Boyd Walker will be present to show slides of hunting, fishing and wildlife.

Friends of members also have been invited to attend.

LOOK AHEAD WITH CONFIDENCE

Nothing gives you more confidence in your ability to face the future than ample cash reserves.

A fund for the opportunities and the necessities that lie ahead is best established through regular deposits in a Savings Account at our bank.

There's only one trick to it . . . you have to start. There'll never be a better time than now!

Ronson Corp. Names Three To Sales Managers Posts

WOODBRIDGE, N. J.—Ronson Corp. announced appointments yesterday of two regional sales managers for the company's Shaver & Appliance Division, and one for the Lighter & Accessory Division.

The new Shaver & Appliance Sales Manager is Elmer Diehl for the Western Region, and Malcolm Stiller for the Southwest. John Schroeder is the new Midwestern Regional Sales Manager for the Lighter & Accessory Division.

Herbert M. Stein, Vice-President of Marketing, U. S. Consumer Products, said the elevation of the three Ronson sales representatives to these new posts in line with Ronson's policy of maintaining separate national and regional sales divisions for each of the firm's two major consumer product lines.

Incumbent regional sales managers, Stein said, continue

as follows: Billy Rhode and Russ Boylan, Western and Southwestern Sales Managers, respectively, for the Lighter & Accessory Division; and Elliott Messinger, Midwestern Sales Manager for the Shaver & Appliance Division.

Stein said Arthur E. Rosengarten continues at this time as Eastern Regional Sales Manager for both divisions.

Ronson operates a plant at Delaware Water Gap.

Treasury Balance

WASHINGTON (AP) — The cash position of the treasury Feb. 26, 1963:

Employment Losses Felt In S-burg Market Area

EMPLOYMENT losses were experienced in the Stroudsburg Labor Market Area during mid-November 1962 through mid-January 1963 primarily as a result of seasonal factors, John P. Dougherty, manager of Pennsylvania State Employment Service Office, Stroudsburg.

He continued, "These losses reported by area firms are reflected in a continued downward trend in employment which normally begins during the early fall season of each year and extends through January of the following year."

Fifty-eight of the area firms supplying the employment data essential for composing the study reported a decline of 190 workers since the mid-November figure of 7,953.

Seasonal style change-overs effected an estimated 100 employment loss in the apparel industry while little change in employment was noted in the remaining seven manufacturing industry lines.

Non-manufacturing employment changes were also in the negative direction as construction, service and miscellaneous, and the whole-sale and retail trades experienced estimated losses of 300, 200 and 100 respectively.

In summary, four major industry lines experienced significant employment losses while the remaining 12 industries reflected a stabilized employment picture during the November 1962-January 1963 interval.

Claims for unemployment benefits filed in the Stroudsburg office increased sharply during the November 1962-January 1963 period, Dougherty said.

During January 1963 an average of 1,431 claims per week were filed in the office while 531 claims per week were filed in November

1962. Some indication of the increased local office activity during this bimonthly period is evident in the following table:

Initial unemployment claims in November, 578 as compared with 1,004 in January for an increase of 426; Continued unemployment claims in November, 2,085 as compared with 6,152 in January, for an increase of 4,067. The increase for the period is 4,493.

Dougherty said retaining the unemployment under provisions of the Manpower Development and Training Act began in the Pocono Mountain Joint Junior-Senior High School, Swiftwater, in February.

Nine trainees from the Stroudsburg area were enrolled in this initial course which is designed to train personnel for jobs as cooks in hotels and restaurants.

The demand for well trained cooks in this area, Dougherty said, is persistent and increases proportionately as the population of the county swells with the seasonal influx of tourists.

Kresgeville

Mrs. W. E. Andrews

The World Day of Prayer service will be held in the Town Meeting Union Church on Friday evening, March 1 at 7:30 p.m. Mrs. Irene Semmel will be guest speaker.

SP4 Theodore W. Hittner, Warrensville Station, Cleveland, Ohio, is spending a leave with his parents Mr. and Mrs. William Hittner.

Mr. and Mrs. Mitchell Kreger Sr. are confined to their home with illness.

Mr. and Mrs. Albert Johnson, son Bobby, Palmerton, called on Amos Johnson.

DESK SET PRESENTED—William Miller, left, Grand Tall Cedar, Pocono Forrest 124, Stroudsburg, presented a desk set of George Washington in full masonic dress to Harry J. Romig, right, District Eight Deputy Supreme Tall Cedar, at a dance recently held in the Bartonville Hotel, Bartonville. (Arnold Photo)

Lions Hold Charter Night

MORE THAN 120 persons attended the recent charter night of the Lions Club of the Stroudsburg in the Penn-Stroud Hotel.

Following the dinner they danced to the music of Parke Frankfield's orchestra. During the dance, Mrs. Frances Adelman was crowned Queen of the Ball by Dr. C. G. Fegley, president of the club.

Fegley reminds all members of the meeting today at 6:30 p.m. in the Penn-Stroud Hotel. Following the meeting, movies of the Lions International Parade, in France, will be shown.

Sen. Rooney Speaks Today To ESSC Student Demos

STATE Senator Fred B. Rooney of Bethlehem will be a guest speaker at a meeting of the Student Democratic Club at East Stroudsburg State College today in room 104 of the Science Building.

The meeting is open to all East Stroudsburg State College students. It will begin at 3 p.m.

Sen. Rooney was born in Bethlehem and graduated from Liberty High School. During World II, he served as a paratrooper in Europe.

A graduate of the University of Georgia, Rooney is presently engaged in the real estate and insurance business.

He was elected to the Pennsylvania State Senate to replace the late Senator Joseph J. Yosko. He is now beginning his second term in the State Senate.

A former chairman of the Senate Highway Committee, he is now a member of the following committees: Banking, Education, Highways, Law and Order, Public Health and Welfare, and State Government. He was also Chairman of the Joint State Government Commission's Task Force on Community Colleges.

Sen. Rooney began his political career during the Leader campaign in which he re-organized the Young Democrats of Northampton County. He was elected Chairman of the Bethlehem Democratic City Committee in May, 1960, and re-elected in May, 1962.
